*Please write any ideas or comments you would like to share with the County of Orange on redistricting. If you are sharing ideas about proposed district boundaries or communities of interest (including, but not limited to information on boundaries of your community whether defined by city, school area or other criteria, and what bonds your community, please include descriptive information about the area in mind, such as streets or landmarks. The comments you provide will be posted online as part of the public comment and public input process.*

*A "community of interest" is a population that shares common social or economic interests that should be included within a single supervisorial district for purposes of its effective and fair representation. Communities of interest do not include relationships with political parties, incumbents, or political candidates.*

*Please use additional pages if you require more room to write.*

*My ideas/comments are as follows:*

As a resident of Irvine, I would like to voice my strong objection to the proposed Map 4C1. I believe this map violates the California Fair Maps Act in politically targeting a sitting candidate. This map also dilutes the API and Latino representation much more than other maps. Lastly, this map unnecessarily splits 14 cities among different supervisor districts and I believe that, where possible, cities should be in the same supervisor district. I strongly encourage the Board of Supervisors to vote NO on Map 4C1
