Organization (if any): Just a VERY concerned citizen

Please write any ideas or comments you would like to share with the County of Orange on redistricting. If you are sharing ideas about proposed district boundaries or communities of interest (including, but not limited to information on boundaries of your community whether defined by city, school area or other criteria, and what bonds your community, please include descriptive information about the area in mind, such as streets or landmarks. The comments you provide will be posted online as part of the public comment and public input process.

A "community of interest" is a population that shares common social or economic interests that should be included within a single supervisorial district for purposes of its effective and fair representation. Communities of interest do not include relationships with political parties, incumbents, or political candidates.

Please use additional pages if you require more room to write.

My ideas/comments are as follows:

I live in the City of Tustin. I DO NOT support the draft maps/visualization for our district. This map splits up the northern part of Tustin and North Tustin from the rest of the City, and places us in a district with Walnut (I had to look up Walnut as I never heard of it...it is in LA County!), Diamond Bar, Rowland Heights and Chino Hills. Tustin and North Tustin form a Community of interest with the City of Irvine. People from Tustin (including North Tustin) and people from Irvine regularly connect and interact. Our school districts overlap. Our major shopping center is The Marketplace, which is split down the middle on Jamboree Blvd.

Putting a slice of Tustin and North Tustin into a district with Walnut and Diamond Bar makes no sense. We do not interact with Walnut and Diamond Bar. And I have never been to Rowland Heights or Chino Hills.

The Commission recognized our community of interest with Irvine in forming the Congressional and State Senate maps. I ask the Commission to change these maps to include all of Tustin and North Tustin in the VAP_IRV_1027 Assembly District. Our Assembly District should pair Irvine and Tustin/North Tustin with like cities more like the Congressional maps.
