Agenda Item 1 December 4, 2019 PRESENTATION

DATE: November 12, 2019

TO: First 5 Orange County Children and Families Commission

FROM: Kimberly Goll, Executive Director Timbelly Doll

ACTION: Receive Presentation on the CHOC Children's Thompson Autism Center

The William and Nancy Thompson Family Foundation collaborated with CHOC Children's to build a new 20,000 square foot facility to expand capacity to serve children with autism spectrum disorders and their families. The CHOC Children's Thompson Autism Center will open at its new location in early 2020 to provide services to evaluate children as early as possible to promote better outcomes; engage children whose behaviors diminish quality of life for them and their families; and establish a long-term support system for children with complex care needs. The Thompson Autism Center is named in honor of the \$10 million founding gift and is located a few blocks from CHOC Children's main campus in Orange.

Jonathan Megarian, MD is the Autism Center's Medical Director and will provide an update on the operations and progress, to date. Dr. Megarian has served as the attending neurologist in CHOC Children's Department of Neurology since 2016. He practices behavioral neuropharmacology and has vast clinical experience with Attention Deficit Disorders, Autism Spectrum Disorders, Neurocognitive Disability, Obsessive Compulsive Disorders, Anxiety and Mood Disorders. Dr. Megarian is also an Associate Clinical Professor of Pediatrics with the UCI School of Medicine. His prior medical experience includes Massachusetts General Hospital for Children, Boston Children's Hospital, UMass Memorial Medical Center, and Harvard Medical School.

Challenging Behavior Unit

Addressing the needs of children and families with refractory disabilities or challenging behaviors

- Treatment of challenging behaviors that cannot be safely managed in other settings
 - Property destruction, self-injury, aggression
- Toilet training
 - Promote the acquisition of this crucial adaptive skill by supporting families in implementing evidence-based toilet training interventions
- Consultation services for community-basedABA providers
 - Ensure children have access to effective ABA-services by partnering with current providers and developing effective programming for children who aren't progressing

Co-Occurring Clinic

Become a medical home for children with ASD by meeting their medical, emotional, and behavioral needs

- Consultation and treatment with specialized physicians with expertise in ASD
 - GI, neurology, psychiatry, sleep
- Evidence-based psychological services for children in need of individual or group therapy
 - Treating common mental health concerns including ADHD, depression, anxiety, and OCD
- Providing targeted social skills groups to promote the development of healthy social relationships in children and teens with ASD

Clinical Research Center of Excellence

The Thompson Autism Center at CHOC will partner with institutions, government, non-profit and industry to bring about innovative diagnostics and treatments for ASDs and related disorders.

Clinicians will engage in research designed to develop and study optimal behavioral treatments and programs that will improve outcomes for children, adolescents and young adults with ASDs.

Research will also involve partnerships with schools, public and private organizations with the goal of optimizing strategies to help individuals with ASDs and their families reach their maximal potential for integration into the community.

Agenda Item 2 December 4, 2019

DATE: November 19, 2019

TO: First 5 Orange County Children and Families Commission

FROM: Kimberly Goll, Executive Director

ACTION: Approve the First 5 Orange County Children and Families Commission and

Technical Advisory Committee Meeting Calendars for 2020 and 2021

Timbely Dorl

SUMMARY:

The First 5 Orange County Children and Families Commission and the Technical Advisory Committee conduct regularly scheduled meetings throughout the year. This item recommends approval for meeting dates for the next two-years, 2020 and 2021.

DISCUSSION:

First 5 Orange County Children and Families Commission Meetings

First 5 Orange County commission members are appointed by the Board of Supervisors to direct the policy, funding and business to improve outcomes for children prenatal to age five. First 5 Orange County currently meets on the first Wednesday of the months of February, April, June, August, October and December. The meetings are held at 9:00 a.m. at the Orange County Transportation Authority Conference Center located at 550 South Main Street in Orange. Continuing this meeting schedule is recommended for the next two years, 2020 and 2021.

February is typically reserved for the annual, half-day planning meeting. This special meeting allows extended time for planning and discussion prior to the annual public hearing that is held each April to approve the strategic plan and the fiscal year budget. In lieu of the 2020 planning meeting, the time will be dedicated to the program renewal process. The next planning meeting will be held in February 2021.

Technical Advisory Committee

The Technical Advisory Committee members are appointed by First 5 Orange County and are responsible for advancing systems change, focusing on shifting the conditions that hold persistent barriers to serving young children and families, and providing advisory information as requested by the Commission members.

The TAC meets three times per year. Proposed meetings for 2020 are February, June and October. The proposed meetings for 2021 are April, August and December, as well as the February planning meeting. The TAC meets on the first Wednesday of the designated month at 10:00 a.m. or immediately following the regular Commission meetings at the Orange County Transportation Authority Conference Center.

Approval is recommended for the First 5 Orange County Children and Families Commission and Technical Advisory Committee proposed calendars and meeting dates for 2020 (Attachment 1) and 2021 (Attachment 2).

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended actions have been reviewed in relation to the Strategic Plan and are consistent with all goal areas. There is no funding action proposed for this item.

PRIOR COMMISSION ACTION:

• December 2018 - Approved the 2019 meeting calendars for the Children and Families Commission of Orange County and Pediatric Health Services Committee as submitted

RECOMMENDED ACTION:

Approve the 2020 (Attachment 1) and 2021 (Attachment 2) First 5 Orange County Children and Families Commission and Technical Advisory Committee meeting calendars.

Agenda Item 3 December 4, 2019

DATE: November 7, 2019

TO: Children and Families Commission of Orange County

FROM: Kimberly Goll, Executive Director

ACTION: Adopt Fiscal Year 2020/2021 employer and employee retirement contribution rates

as established and adopted by the Orange County Employees Retirement System

Timbely Doll

SUMMARY:

First 5 Orange County Children and Families Commission, is a participant of the Orange County Employees Retirement System (OCERS). This item requests approval for the annual adoption of the employer and employee retirement contribution rates as required by Assembly Bill 538 (effective January 1, 2006).

DISCUSSION:

On June 17, 2019, the OCERS Board of Trustees adopted new employer and employee retirement contribution rates for Fiscal Year 2020/2021. These rates are based on a comprehensive actuarial study of the Retirement System performed by The Segal Company. The December 31, 2018 Actuarial Valuation Report presents the OCERS funding requirements for Fiscal Year 2020/2021 and is located on the OCERS website at www.ocers.org.

Attachment 1 presents the employer and employee contribution rates for the Commission that was recommended and adopted by the OCERS Board for Fiscal Year 2020/2021. The adopted rates consist of two components, the Normal Retirement Rate which covers retirement costs going forward, and the Unfunded Accrued Actuarial Liability (UAAL) rate which covers retroactive retirement costs. The Fiscal Year 2020/2021 employer Normal Rate for Plan I and J members of 14.36% represents a slight decrease from 14.39%. Employer rates for Plan U members will remain the same at 8.78%. Plan I and J includes retirement system members starting employment before January 1, 2013, and Plan U includes all members starting after January 1, 2013. Rate changes are due to the actual contributions and other experience factored into the December 31, 2018 actuarial valuation. There were no actuarial assumption or plan provision changes reflected in the valuation.

The Commission paid off its current UAAL on November 15, 2017, and the Fiscal Year 2020/2021 rates reflect that payment. The rate without the payoff adjustment would have been close to 24.3% instead of 3.26% current adopted rate.

The employee Normal Rate is determined by employee age at entry to OCERS, and will experience an increase of .56% for Fiscal Year 2019/2020 for Plan I and J members and Plan U members an increase of .61% at the average entry age of 33. Approval is recommended to adopt the employer and employee retirement contribution rates as recommended and adopted by OCERS for Fiscal Year 2019/2020, as shown in Attachment 1.

CA 92705

STRATEGIC PLAN & FISCAL SUMMARY:

The Fiscal Year 2020/2021 retirement contribution rate schedule recommended and adopted by OCERS has been reviewed in relation to the Strategic Plan and is consistent with prior practice and supports all goal areas of the Strategic Plan. The Fiscal Year 2020/2021 retirement contribution rates will be incorporated into the Fiscal Year 2020/2021 budget.

PRIOR COMMISSION ACTIONS:

- October 2018 Adopted implementation of employer and employee retirement contribution rates as recommended and adopted by OCERS for FY 2019/20
- December 2017 Adopted implementation of employer and employee retirement contribution rates as recommended and adopted by OCERS for FY 2018/19
- October 2017 Authorized payment of the Children and Families Commission of Orange County's Unfunded Actuarial Accrued Liability to OCERS in an amount not to exceed \$1,800,000.

RECOMMENDED ACTION:

Adopt implementation of Fiscal Year 2020/2021 employer and employee retirement contribution rates as established and adopted by the Orange County Employees Retirement System (OCERS) on June 17, 2019.

ACTION: Approve amendment to Conflict of Interest Code

SUMMARY:

The Political Reform Act requires every agency to adopt a Conflict of Interest Code that identifies all officials and employees within the agency who make governmental decisions based upon their positions. These individuals must disclose their financial interests as specified in the Conflict of Interest Code. In August of 2018, the Children and Families Commission of Orange County ("First 5 Orange County") performed the required biennial review to ensure the Conflict of Interest Code ("Code") was current and accurate. Although First 5 Orange County is not scheduled to perform the next biennial review until the Fall of 2020, recent organizational changes must be incorporated into the Code and approved by First 5 Orange County. This item requests approval of updates to the Code based upon recent restructuring of staff positions and the renaming of the Pediatric Health Services Committee to the Technical Advisory Committee.

DISCUSSION:

The Orange County Board of Supervisors is the code reviewing body for County boards and commissions, which includes First 5 Orange County. Their responsibilities include the review and approval of local agency conflict of interest codes and code amendments. The amendments are processed through the eDisclosure System.

First 5 Orange County performed its biennial review and approved the Code at the August 2018 meeting. Thereafter, First 5 Orange County amended the Code in October 2018 to include certain clerical revisions to the eDisclosure System reflecting the updated laws and regulations. First 5 Orange County staff recommends additional revisions to the Code at this time to incorporate recently restructured staff positions and the change from the Pediatric Health Services Committee to the Technical Advisory Committee, as further described below.

In August 2019, First 5 Orange County approved the amended Administrative Policies and Procedures, which included the renaming of the Pediatric Health Services Committee to the Technical Advisory Committee. As the prior Code required Pediatric Health Services Committee members to publicly disclose their financial interests, the Code must be revised to require the Technical Advisory Committee members to make the same disclosures.

Additionally, in October 2018, First 5 Orange County received a progress update on the revisions to the staff organizational chart. Various positions have been restructured to more closely align with First 5 Orange County's Strategic Plan. Based upon this restructuring, the Code must be amended to reflect this new organizational chart. The chart is attached for reference.

Commission Counsel has reviewed First 5 Orange County's Conflict of Interest Code and recommends approval of the amendments. The Clerk of the Commission will submit the revisions upon approval.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended action has been reviewed in relation to the Strategic Plan and is consistent with all goal areas. There is no funding action proposed for this item.

PRIOR COMMISSION ACTIONS:

- October 2018 Adopted resolution approving the amended Conflict of Interest Code
- August 2018 Received report confirming the status of the Conflict of Interest Code

CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY RESOLUTION NO. 18-____ C&FC

December 4, 2019

A RESOLUTION OF THE CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY AMENDING THE CONFLICT OF INTEREST CODE AS REQUESTED BY THE CLERK OF THE BOARD OF SUPERVISORS

WHEREAS, the Political Reform Act of 1974, Government Code Section 81000, et seq., ("the Act"), requires a local government agency to adopt a Conflict of Interest Code pursuant to the Act; and

WHEREAS, the Children and Families Commission of Orange County has previously adopted a Conflict of Interest Code and that Code now requires updating; and

WHEREAS, amendments to the Act have in the past and in the foreseeable future will require conforming amendments to be made to the Conflict of Interest Code; and

WHEREAS, the Fair Political Practices Commission has adopted a regulation, Title 2, California Code of Regulations, Section 18730, which contains terms for a standard model Conflict of Interest Code, which, together with amendments thereto, may be adopted by public agencies and incorporated by reference to save public agencies time and money by minimizing the actions required of such agencies to keep their codes in conformity with the Political Reform Act.

NOW THEREFORE, BE IT RESOLVED:

Section 1 The terms of Title 2, California Code of Regulations, Section 18730 (Attachment A) and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference and, together with Exhibits A and B in which members and employees are designated and disclosure categories are set forth, constitute the Conflict of Interest Code of the Children and Families Commission of Orange County.

<u>Section 2</u> The provisions of all Conflict of Interest Codes and amendments thereto previously adopted by the Children and Families Commission of Orange County are hereby superseded.

Section 3 The Filing Officer is hereby authorized to forward a copy of this Resolution to the Clerk of the Orange County Board of Supervisors for review and approval by the Orange County Board of Supervisors as required by California Government Code Section 87303. Subject to approval by the Orange County Board of Supervisors, it is intended that this Resolution become operative December 4, 2019.

CONFLICT OF INTEREST CODE FOR THE CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY

The Political Reform Act, Government Code Sections 81000, et seq., requires state and local government agencies to adopt and promulgate Conflict of Interest Codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. Section 18730) which contains the terms of a standard Conflict of Interest Code, which may be incorporated by reference in an agency's code. After public notice and hearing it may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Exhibits designating officials and employees and establishing disclosure categories shall constitute the Conflict of Interest Code of the Children and Families Commission of Orange County.

DESIGNATED EMPLOYEES

Designated employees shall file Statements of Economic Interests with the Clerk of the Orange County Board of Supervisors who will make the statements available for public inspection and reproduction (Government Code Section 81008).

GOVERNMENT CODE SECTION 87200 FILERS

Public officials enumerated in Government Code Section 87200, including officials who manage public investments as defined by 2 California Code of Regulations Section 18700.3(b), are NOT subject to the Commission's code, but are subject to the disclosure requirements of the Act (Government Code Section 87200, et seq.). [Regs. §18730(b)(3)] These positions are listed here for informational purposes only.

For purposes of the Commission's Code, the positions listed below are Commission officials enumerated in Government Code Section 87200:

Executive Director

Commission Counsel

These positions shall also file original Statements of Economic Interests with the Clerk of the Orange County Board of Supervisors.

The disclosure categories and requirements for these positions are set forth in Article 2 of Chapter 7 of the Political Reform Act, Government Code Section 87200, et seq. They generally

require the disclosure of interests in real property in the agency's jurisdiction, as well as investments, business positions and sources of income (including gifts, loans and travel payments).

Amended Budget

SUMMARY:

First 5 Orange County Children and Families Commission is required to conduct a public hearing to approve the annual audit that is then submitted to First 5 California and the State Controller's Office. This item presents the annual independent audit report conducted by Eide Bailly LLP (formerly Vavrinek, Trine, Day & Co., LLP).

DISCUSSION:

The California Children and Families Act of 1998 (Health and Safety Code Sections 130140 & 130150) requires that each county commission complete an annual audit and program report of the preceding fiscal year, conduct a public hearing on the audit and program reports, and submit both to the First 5 California Commission and the audit report to the State Controller's Office on or before November 1st of each year. The annual program report was provided and approved at the October 2019 meeting. Due to circumstances beyond the control of the Commission, an extension was requested and granted by the California State Controller's Office until December 31, 2019, for the submission of the annual audit report for Fiscal Year 2018/2019.

As a participant in the County of Orange Retiree Medical Plan, the Commission is required to report following accounting standards related specifically to other post-employment benefits. In order to report under the standard, County of Orange auditors conducted test work and verified a report detailing Retiree Medical Plan information relevant to the Commission. This process created the delay, and the deadline to submit the annual audit to the California State Controller's Office and First 5 California was extended. The audit of the Retiree Medical Plan is finished, and the Comprehensive Annual Financial Report is now complete and has been reviewed by an ad-hoc committee of Commission member representatives.

Comprehensive Annual Financial Report (CAFR)

Eide Bailly LLP performed an independent annual audit of Commission financial statements for Fiscal Year 2018/2019 that included the expanded audit compliance requirements mandated by AB109/SB35. The auditors conducted their audit work in accordance with all standards applicable to financial audits including generally accepted auditing standards, standards and procedures issued by the California State Controller's Office, and Government Auditing Standards issued by the Comptroller General of the United States. The Comprehensive Annual Financial Report for the Year Ended

CA 92705

June 30, 2019 (Attachment 1) was prepared in compliance with the most up to date guidelines issued by the State Controller.

The independent auditors found no instances of noncompliance with state or federal laws and regulations concerning financial matters. The auditors found no significant deficiencies, material weaknesses involving internal controls over financial reporting, or audit adjustments, and rendered an unmodified opinion on the *Commission's Comprehensive Annual Financial Report for Year End June 30, 2019.* Eide Bailly states these same results in the following reports:

Independent Auditor's Report: "In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and general fund of the Commission, as of June 30, 2019, and the respective changes in financial position thereof and budgetary comparison for the general fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America."

Auditors' Report on State Compliance: "In our opinion, the Commission compiled, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the California Children and Families Program for the year ended June 30, 2019."

Amendments to Fiscal Year 2019/2020 Approved Operating Budget

The Fiscal Year 2019/2020 Budget was approved in April 2019. A proposed Amended Annual Operating Budget for Fiscal Year 2019/2020 was developed following the analysis of current program allocations and encumbrances. The amended operating budget includes both previously approved contracts recommended to be carried forward into the current year and amendments to reallocate savings into program funding.

Revenue

No changes are recommended at this time for budgeted Fiscal Year 2019/2020 tobacco tax revenue. After three years of volatility, tobacco tax revenue is expected to decline at the same 3.5% annual rate that has been assumed for years. Due to delays at the State level, revenue amounts for the first quarter have not yet been provided by First 5 California. At this time, there is no information that would require amending budgeted tobacco tax revenue.

Program Funding

Program funding has been increased by carryover amounts, and other program expenses are offset by unspent Fiscal Year 2018/2019 administrative balances. Attachment 3 presents a summary of the amended budget, and specific requests are detailed below.

- \$485,000 in carryover of one-time funding has been transferred for the Pediatric Loan Repayment Program. Funding for this program will continue to be carried forward until fully expended.
- \$219,500 in carryover funding from the prior-year unspent administrative budget is being transferred to fund consultant contracts consistent with Commission action taken this past June.
- A net increase of \$231,490 has been incorporated to follow the October 2019 action authorizing a staff reorganization. All positions have been analyzed and are allocated to the

direct program/project budget area that best represents the roles and responsibilities of the position. Salary and benefit allocations are listed as program support line items in the budget.

STRATEGIC PLAN & FISCAL SUMMARY:

The report and recommended action presented in this report have been reviewed in relation to the Commission's Strategic Plan and are consistent with applicable goals. There is no funding action proposed for this item.

PRIOR COMMISSION ACTIONS:

- October 2019 Conducted Public Hearing on Fiscal Year 2018/2019 Annual Report
- April 2019 Conducted the Public Hearing to receive and file the First 5 California 2017/2018
 Annual Report and Audit Results Excerpts
- December 2018 Conducted Public Hearing and authorized the Executive Director to submit the Annual Financial Report to First 5 California and the State Controller's Office

RECOMMENDED ACTIONS:

- 1. Conduct Public Hearing
- 2. Receive the Comprehensive Annual Financial Report for Year Ended June 30, 2019, including State Compliance Report, (Attachment 1) and authorize the Executive Director to submit the Annual Financial Audit Report, along with any supporting materials, to First 5 California and the State Controller's Office.
- 3. Approve Amendments to Fiscal Year 2019/2020 Operating Budget (Attachment 3) and adopt resolution (Attachment 4) approving the Amended Annual Operating Budget for Fiscal Year 2019/2020.

Board of Commissioners Children and Families Commission of Orange County 1505 East 17th Street, Suite 230 Santa Ana, CA 92705

Dear Commissioners,

The Comprehensive Annual Financial Report (CAFR) of the Children and Families Commission of Orange County (the Commission) is hereby submitted. This report contains financial statements that have been prepared in conformity with United States Generally Accepted Accounting Principles (GAAP) prescribed for governmental entities. Responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Commission. To the best of our knowledge and belief, the enclosed data is accurate in all material aspects and is reported in a manner that presents fairly the financial position and changes to the financial position of the Children and Families Commission of Orange County. All disclosures necessary to enable the reader to gain an understanding of the Commission's financial activities have been included.

The CAFR has been audited by the independent certified public accounting firm of Eide Bailly, LLP. The goal of the independent audit was to provide reasonable assurance about whether the basic financial statements of the Commission for the year ended June 30, 2019, are free of material misstatement. The independent certified public accounting firm has issued an unmodified ("clean") opinion on the Commission's financial statements as of and for the year ended June 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

This letter of transmittal is designed to complement and should be read in conjunction with the Management's Discussion and Analysis (MD&A) that immediately follows the independent auditor's report. The MD&A provides a narrative introduction, overview, and an analysis of the basic financial statements.

Profile of the Commission

The Commission was established by the Orange County Board of Supervisors in September 1999 following the passage of Proposition 10, through which California voters made an unprecedented investment in early childhood development. The Commission's activities have been built to develop, adopt, promote and implement programs to support early childhood development. Since inception, the Commission has made a lasting positive impact in Orange County through its expenditures of approximately \$805 million toward grants, programs and operations that improve the well-being of young children and families in Orange County.

Relevant Financial Policies

Financial Plan

In December 2018, the Board of Commissioners reviewed the updated Long-Term Financial Plan (LTFP). The LTFP, which is reviewed annually to incorporate the prior year-end financials as well as updated revenue projections, continues to anticipate annual decreases in Proposition 10 tobacco tax collections. Since its peak in 2000, the Commission has had an overall reduction of over 45% in revenue, and tobacco revenue is projected to continue to decline at a rate of 3% to 4% annually.

Legislation and voter initiatives passed that directly affect tobacco tax sales and tax revenue. An increase to the legal age for the purchase of tobacco products from 18 to 21, a new licensing fee administered by the Board of Equalization to cover administrative costs previously charged to First 5's, and the passage of Proposition 56, a \$2.00 tax increase, all have varying degrees of impact on tobacco tax revenue.

After a significant decline in tobacco tax revenue for Fiscal-Year 2017-2018 due to the lag in implementing the backfill provision of Proposition 56 passed in November 2016. An overall increase in tobacco tax revenue occurred in Fiscal Year 2018-2019 due in part to the first full year of Proposition 56 backfill. Given this overall volatility, the Board of Commissioners directed staff to develop three-year funding renewal recommendations, working under the direction of Commissioner-led funding renewal panels. Fiscal-Year 2018-2019 was the second of the three-year cycle.

Under the direction of Commissioner-led program review teams, staff developed three-year funding renewal recommendations which were presented and approved by the Board of Commissioners at their February 2017 meeting. The program review teams used core program criteria to review the portfolio of programs funded by the Commission to determine which programs align with the Commission's mission and operations. Core programs were those that met one or more of the following criteria:

- 1. Aligns outcome-oriented goals with the Commission's Strategic Plan
- 2. Provides a financial or social Return on Investment
- 3. Pursues leveraging or sustainability strategies
- 4. Provides a critical partnership to advancing the Commission's goals
- 5. Serves an extremely vulnerable population

Strategic Plan

The Proposition 10 initiative requires that each county Commission review its Strategic Plan on at least an annual basis and revise the plan as necessary or appropriate. The Strategic Plan addresses the health and early education needs of young children and their families and identifies program specific measures that accurately reflect the diverse services the Commission funds. The Strategic Plan focuses on Orange County's priorities and initiatives in the goal areas of Healthy Children, Early Learning, Strong Families, and Capacity Building. The vision and mission that children are healthy and ready to learn remains the overall goal of all Commission-funded programs. The Strategic Plan was reviewed and updated for Fiscal Year 2018/2019. The vision, mission, and goals remain the same, and approval of the reviewed Strategic Plan is recommended.

During Fiscal Year 2018/2019 the Commission conducted a planning process to update the Strategic Plan. The steps in the process began with targeted community outreach and public study sessions that included one-on-one meetings with key stakeholders and Commission members to develop measurable objectives in three goal areas: Resilient Families, Quality Early Learning, and Comprehensive Health and Development. The new Strategic Plan concepts were presented in an open

house format in November 2018 at the Delhi Center in Santa Ana. More than 150 people attended representing community organizations, elected leaders, school districts, businesses, non-profit organizations, universities and philanthropic foundations. Updates on the Strategic Planning Process and opportunities for public comment were provided at the Commission meetings in August, October, and December. The February 2019 planning meeting was dedicated as a comprehensive review of the draft Strategic Plan. The final Strategic Plan was adoption at the April 2019 Commission meeting.

Other Financial Information

Internal Control

The management of the Commission is responsible for establishing and maintaining internal controls designed to ensure that the assets of the public entity are protected from loss, theft, or misuse. Management is also responsible for ensuring that adequate accounting data are compiled to allow for the preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Control

The objective of budgetary control is to ensure that spending is limited to the total amount authorized by the Board of Commissioners. The initial budget for Fiscal Year 2018-2019 was adopted on April 4, 2018 with subsequent adjustments approved on October 3, 2018 and April 3, 2019. The Executive Director has the discretion to adjust the budget as defined within the budget policy of the Board of Commissioners. Monthly financial highlights are provided to the Board of Commissioners.

Risk Management

The Commission manages its risk exposure in part through the purchase of Workers Compensation, Property, General Liability, Auto, Crime and Directors and Officers insurance through the County of Orange.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Commission for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2018. This was the tenth consecutive year that the Commission has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the Commission must publish an easily readable and efficiently organized CAFR. This report must satisfy both accounting principles generally accepted in the United State of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. I believe that the current CAFR continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

I would like to express my sincere appreciation to Commission staff and the staff of the certified public accounting firm of Eide Bailly, LLP. I hope this report will be of interest and use to those in the County of Orange, other governmental agencies, and the public interested in the financial activity of the Commission.

Sincerely,

Kimberly Goll

We have audited the accompanying financial statements of the governmental activities and the general fund of the Children and Families Commission of Orange County (Commission), a component unit of the County of Orange, California, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Commission, as of June 30, 2019, and the respective changes in financial position thereof and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of proportionate share of the net pension liability and net OPEB liability and schedule of the Commission contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of First 5 California funding is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of First 5 California funding is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2019, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

As management of the Children and Families Commission of Orange County (Commission), we offer readers of the Commission's Comprehensive Annual Financial Report this overview and analysis of the financial activities for the fiscal year ended June 30, 2019. Please read in conjunction with the Commission's basic financial statements and accompanying notes.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the Commission as reported on the Statement of Net Position exceeded its liabilities and deferred inflows of resources by \$40.7 million at the end of the current fiscal year, an increase of \$3.2 million (8.7%) from the prior fiscal year. The increase in Net Position is primarily due to the receipts of program reimbursement revenues along with the planned decrease in overall program spending.
- As of June 30, 2019, the Commission's governmental fund statements reported an ending fund balance totaling \$37.3 million, a slight increase of \$.15 million (0.41%).
- The total ending fund balance of \$37.3 million was classified into the following categories: \$3.9 million as non-spendable, \$14.5 million as committed, and \$19 million as assigned.

OVERVIEW OF THE FINANCIAL STATEMENTS

This comprehensive annual financial report consists of two parts, this management's discussion and analysis and the basic financial statements, including government-wide financial statements, governmental fund financial statements and notes to the basic financial statements. The Commission's financial statements, prepared in accordance with generally accepted accounting principles (GAAP), offer key, high-level financial information about the activities during the reporting period.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances and activities. These statements are prepared using the full accrual basis of accounting and a total economic resource measurement focus, in order to provide both long-term and short-term information about the Commission's overall financial status. A detailed definition of these methods is described in Note 1 of the basic financial statements.

The Statement of Net Position presents information on all of the Commission's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. Changes in net position may serve as a useful indicator of whether the financial position of the Commission is improving or declining.

The Statement of Activities presents changes in the Commission's net position during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but not received, unused vacation leave, net pension liability).

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related and legal requirements. All of the Commission's activities are accounted for in the general fund.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on *balances of spendable resources available at the end of the year*. Such information may be useful in evaluating the Commission's near-term financing requirements.

Because the focus of government funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Commission's near-term financial decisions. Reconciliations are presented for the Balance Sheet of governmental funds and the Statement of Revenues, Expenditures and Changes in Fund Balances of governmental funds to facilitate comparison between governmental funds and governmental activities.

Governmental Fund Financial Statements are prepared on a modified accrual basis, which means that they measure only current financial resources and uses. Capital assets and long-term liabilities are not presented in the Governmental Fund Financial Statements, as they do not represent current available resources or obligations. The Commission adopts an annual appropriated budget for the general fund. A budgetary comparison statement for the general fund is presented in the basic financial statements to demonstrate compliance with the adopted budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

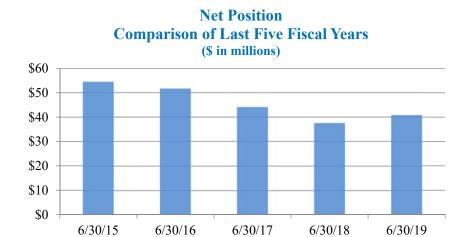

ANALYSIS OF THE COMMISSION'S GOVERNMENT-WIDE FINANCIAL STATEMENTS

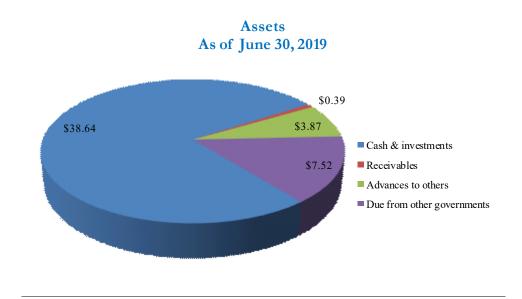

Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of the Commission, net position was \$40.7 million at the end of the current fiscal year, an 8.7% increase from the prior fiscal year's restated net position. Following is a summary of the government-wide Statement of Net Position comparing balances at June 30, 2019 and June 30, 2018.

The Commission's net position as of June 30, 2019 is considered unrestricted because their use is not for a purpose narrower than the Commission's purpose and were comprised of the following:

Assets, Current and Other

- Cash and investments totaled \$38.6 million. All \$38.6 million was invested in the Orange County Investment Pool (OCIP), except for a small petty cash fund held at the Commission. The investments in OCIP are managed by the County Treasurer and reviewed for compliance with the Commission's Annual Investment Policy. Cash and investments increased by 4.3% due to receipts of payments for program reimbursements.
- Due from other governments totaled \$7.5 million. Of this amount, \$5.1 million is Prop 10 tobacco tax revenue due from the State of California for April, May, and June 2019 allocations and \$1.2 million for the First 5 California IMPACT and Hubs Programs and the California Department of Health Care Services Dental Transformation Initiative.
- Advances to others totaled \$3.9 million and represents funds advanced to contractors for services not provided by June 30, 2019. Another \$3 million was remaining as an advance for Emergency Shelter Catalytic programs and \$0.5 million for Early Literacy and Math programs. The advances cover future periods up to Fiscal Year 2020.
- Other current assets consist of \$0.40 million in interest and miscellaneous reimbursements.

Deferred Outflows of Resources

- The Commission participates in a cost-sharing multiple-employer pension plan, the Orange County Employees Retirement System, and the cost-sharing multiple-employer County of Orange Retiree Benefit Plan. As a participant, the Commission is required to report its proportionate share of deferred outflows of resources related to pensions and other post-employment benefits.
- Commission early payment contributions of \$18,488 of the collective net pension liability are required to be reported as deferred outflows of resources related to pensions. Deferred outflows of resources also include \$53,458 for changes of assumptions over the measurement period ending December 31, 2018.
- Government Accounting Standards Board Statement No. 75 requires deferred outflows of resources related to other postemployments benefits (OPEB) be recognized in the Commission financial statements. Total deferred inflows related to OPEB of \$32,000 is for OPEB contributions subsequent to the measurement date of December 31, 2018.
- Note 8 and 12 to the Commission financial statements provides further detail of all deferred outflows of resources reported in Fiscal Year 2018-2019.

Liabilities

- Accounts payable and due to other governments totaling \$6.5 million. Payables to grantees services not yet billed at June 30, 2019 are based on established contract terms. This balance represents a decrease of 10.7% from the prior year due to both timing of invoices for program partners and the increased program activity for First IMPACT and Hubs and California Department of Health Care Services Dental Transformation Initiative.
- Retentions payable totaling \$1.2 million. Retentions payable are held until end of contract audits are completed and received by the Commission to ensure compliance with contract terms.
- Other current liabilities totaling \$0.1 million consisting of amounts due to the County of Orange and accrued wages, benefits and compensated absences.
- Net pension liability of \$.63 million is reported and represents a decrease of \$.33 million or 34.5% from the
 liability for the prior year. Some contributing factors to the decrease were the change in proportionate share,
 the difference in actual and projected earnings on pension plan investments, and the difference between
 expected and actual experience.

Deferred Inflows of Resources

- The Commission participates in a cost-sharing multiple-employer pension plan, the Orange County Employees Retirement System, and the cost-sharing multiple-employer County of Orange Retiree Benefit Plan. As a participant, the Commission is required to report its proportionate share of deferred inflows of resources related to pensions and other post-employment benefits.
- Governmental Accounting Standards Board Statement No. 68 requires deferred inflows of resources related to
 pensions be recognized in the Commission financial statements. Total deferred inflows of resources of \$1.1
 million is the result of the net difference between projected and actual earnings on pension plan investments,
 differences between expected and actual experience, changes of assumptions, and changes in the Commission's
 proportionate share occurring over the measurement period ending December 31, 2018.
- Note 8 and 12 to the Commission financial statements provides further detail of all deferred inflows of resources recognized in Fiscal Year 2018-2019.

Changes in Net Position

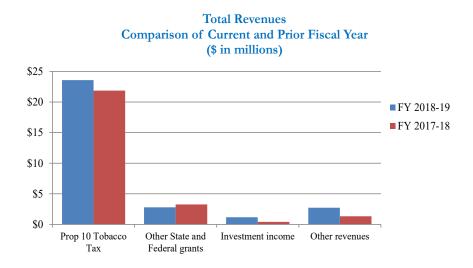

For the year ended June 30, 2019, current year operations increased the Commission's net position by \$3.2 million. The increase is due to both the timing of revenues from outside program funding and the overall planned reduction of program expenditures. The following is a summary of the Commission's Statement of Activities comparing revenues, expenses and changes in net position for the fiscal years ended June 30, 2019 and June 30, 2018.

Total revenues

The Commission's total revenues are comprised of both program revenues, which are restricted to one or more specific program uses, and general revenues.

Program revenues

The Commission's program revenues totaled \$26.4 million in Fiscal Year 2018-2019 and accounted for 87.2% of total revenues. This represented an increase of \$1.3 million (5.0%) from Fiscal Year 2017-2018 program revenues.

- Tobacco Tax revenue includes revenues from taxes levied on tobacco products by the State of California and distributed amongst all counties based on the percentage of county birthrates as established in Proposition 10. This revenue increased by \$1.7 million (7.8%) from the prior fiscal year.
 - The California Children and Families Commission (First 5 California) forecasted an increase for Fiscal Year 2018-2019 in the tobacco tax revenue allocation models. These models are calculated using birthrate data and tobacco sales and usage provided by the California Department of Finance. The increase in revenue is due to the first full year of backfill under Proposition 56 which increased sales tax of an additional \$2.00 per pack approved by voters.
- Other State and Federal operating grants and contributions for Fiscal Year 2018/2019 includes revenue from the state-wide IMPACT and Hubs program reimbursement, Dental Transformation Initiative, and the CalWorks Home Visiting Initiative program.

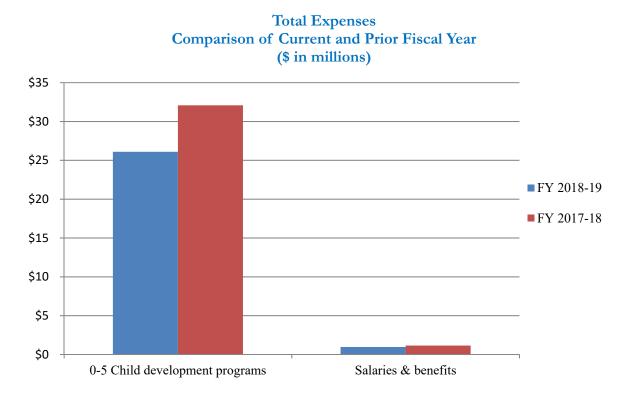

• General revenues

The Commission's general revenues totaled \$3.9 million in Fiscal Year 2018-2019 and accounted for 12.8% of total revenues. General revenues include all revenues that do not qualify as program revenues, such as investment income and other miscellaneous revenues.

• Investment income increased by \$0.76 million from the prior fiscal year. The increase in investment income from the Orange County Investment Pool (OCIP), which is administered by the County Treasurer, is due to the overall higher investment returns on cash balances maintained by the Commission.

Governmental Activities Expenses

Total expenses decreased by \$6.2 million (18.5%) from the prior fiscal year. The decrease is due to one-time payments for the Catalytic IGT program and Commission's unfunded pension liability along with planned reductions in overall program expenses. Fiscal Year 2018-2019 was the sixth year for Round 1 and 2 Catalytic funding.

- Zero-to-five child development programs decreased by \$6 million (-18.7%) from the prior fiscal year to fund programs serving children and families within the Commission's four strategic goal areas of Healthy Children, Ready to Learn, Strong Families and Capacity Building. The decrease is due to the previously mentioned one-time-payments and overall lower program funding. Overall, reduced program spending is a component of the Commission's long-term financial plan. Prop 10 tobacco tax revenue has been and will continue as a declining revenues source. To focus on sustainability and service delivery while allowing for decreased revenue, the long-term financial plan incorporates a step-down approach to annual program funding over the next ten years.
- Salaries and benefits decreased by \$1.8 million (-55.4%) from the prior fiscal year due to vacant staff positions during the year.

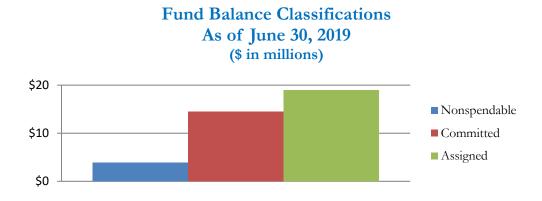

ANALYSIS OF THE COMMISSION'S GOVERNMENTAL FUND STATEMENTS

As noted earlier, the Commission uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The activities are contained in the general fund of the Commission. The focus of the Commission's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Commission's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources, both committed and available for future operational needs. Proposition 10 Tobacco Tax revenue for May and June in the amount of \$3.6 million, First 5 California and California Department of Healthcare Services program revenues of approximately \$1.76 million were not received within the Commission's period of availability and, as such, are recorded as deferred inflows on the Governmental Fund Balance Sheet.

As of the end of the current fiscal year, the Commission's general fund reported total ending fund balance of \$37.3 million, an increase of \$0.15 million (.41%) in comparison with the prior fiscal year.

General Fund Budgetary Highlights

Budget Amendments

The budget amendments are approved during each fiscal year for the General Fund in order to reflect the most current revenue trends and to account for shifts in funding objectives.

- Total budgeted revenues were increased by \$2.9 million. The amendments were based on additional funding Dental Transformation Initiative reimbursements and budget carryovers for the First 5 IMPACT and Hubs programs.
- Total budgeted appropriations were increased by \$3.1 million in the 0-5 child development program
 expenditures line items not including amounts budgeted for Catalytic programs. The increases are due mostly
 to the addition of expenses related to new and carryover funding for grants funded by outside organizations.

Budget to Actual Comparisons

This section contains an explanation of the significant differences between the Commission's Final Budget amounts and actual amounts recorded for revenues and expenditures for Fiscal Year 2018-2019 as detailed on the Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual.

- Total actual revenues were below budgeted revenues in Fiscal Year 2018-2019 by over \$3.7 million mostly due to the timing of revenue recognition. Tobacco revenues reported are \$3.1 million under budget and actual revenue for the period July 2018 to June 2019 was under budget by \$3.8 million. Revenue that is not received within sixty days of the fiscal year-end is not recognized as revenue and is deferred until the next year. Because the May and June tobacco tax revenue payments were delayed past the sixty-day period, these amounts are not reported as revenue in the current year.
- Total budgeted appropriations exceeded actual expenditures in Fiscal Year 2018-2019 by \$6.5 million due to underspending in different program areas as well as salary and benefits.
 - O-5 child development program expenditures were less than budgeted appropriations by \$4.6 million. The underspend due mostly to the timing of expenditures related to the Dental Transformation Initiative, First 5 MPACT & Hubs, and the CalWorks Home Visitation Initiative. The original appropriations for these programs represent total funds available through each program award, but each program has unique scheduling and timelines that guide when funds are expended. Typically, the awarding agencies allow for the carryover of unspent funds into the following year. When appropriate and approved by the awarding agency, the appropriations in future years will be revised to include the carryover funds.
 - o Salaries and benefits actual expenditures were less than budgeted appropriations by \$0.22 million due to two vacant staff positions and underspending projections for different benefits.
 - O Catalytic expenditures were \$4.5 million compared to the final budget of \$6.2 million. Fiscal Year 2018-2019 was the seventh year of Round 1 and 2 catalytic funds were disbursed. The total funding amount of approximately \$56.3 million was approved by the Commission as detailed below. Expenditures will be recognized as services are provided and deliverables met for each separate Catalytic program. At budget adoption, the timing of Fiscal Year 2018-2019 distributions and expense recognition were not known. Each Catalytic program has a unique scope and budget. Final payment terms are included in the contracts approved by the Commission for each Catalytic program. Remaining Catalytic funding will be included in future year budgets as defined in the related Catalytic contract payment and deliverable schedules.

	\$11,725,552

CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS

The State Department of Finance projects a continuing decrease of tobacco revenue even though revenue did increase. This was due solely to the first full year of implementing the Proposition 56 backfill. The rate of decline is caused by both intended and unintended factors, which include federal legislation, state initiatives, First 5 California's education and outreach efforts, and comprehensive smoking cessation programs to reduce tobacco use. Demographic factors, specifically birthrates, also have an impact on the individual county allocations of the statewide tobacco revenue. In May 2016, Governor Brown signed five of six bills related to tobacco products. Two of the bills had an immediate impact on the amount of tobacco tax allocated to the Commission. The legal age to purchase or consume tobacco was increased from 18 to 21, and an annual Board of Equalization (BOE) licensing fee of \$265 for tobacco retailers replaced the former one-time fee. The new fee will create savings in the BOE fees the Commission pays annually resulting in additional revenue.

In November 2016, voters approved Proposition 56 adding a \$2.00 tobacco tax and expending the definition of tobacco products. A backfill provision was included in Proposition 56. The Commission received backfill in the amount of \$2.3 million covering the period July 1, 2017 to June 30, 2018. The long-term outlook is still estimated at an annual decline in the 3.5% range. The same rate the Commission has used for financial planning for years.

The Commission's financial plan will continue to conservatively estimate future-year revenues and continue planned reductions in annual program funding to account for declining revenues. While the financial plan does assume portions of fund balance will be used in future years to bridge some of the gap between needed services and projected revenue.

Amounts reported for governmental activities in the statement of revenues, expenditures, and changes in fund balance differs from the amounts reported in the statement of activities because:	
Governmental funds report pension contributions and OPEB contributions as expenditures. However, in the Statements of Activities, pension and OPEB expense is measured as the change in the net pension and net OPEB liability and the amortization of deferred outflows and inflows related to pensions and OPEB. This amount represents the change in pension and OPEB related amounts.	
Pension related amounts OPEB related amounts	482,792 (10,000)
Compensated absences expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This amount represents the net change in the compensated absences liability.	(15,315)

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Children and Families Commission of Orange County (the Commission) was established by the Orange County Board of Supervisors in 1999 under the provisions of the California Children and Families Act of 1998 (Act). The Commission is a public entity legally separate and apart from the County. The purpose of the Commission is to develop, adopt, promote and implement early childhood development and school readiness programs in the County of Orange consistent with the goals and objectives of the Act. The Commission's programs are funded primarily by taxes levied by the State of California on tobacco products.

A governing board of nine members, which are appointed by the County Board of Supervisors, oversees the Commission. Three members are considered Mandatory Members, comprised of representatives of the County Health Care Agency, Social Services Agency and Board of Supervisors. Other members are considered At-Large Members. The Board of Supervisors Mandatory Member serves for a one-year term without limitation on the number of terms he/she may serve. Other Mandatory Members serve until removed by the Board of Supervisors. At-Large Members serve for terms ranging from two to four years, not to exceed eight consecutive years. The County Board of Supervisors may remove any Commission Member at any time. The Commission is considered a discretely presented component unit of the County of Orange.

Upon termination of the commission, all assets of the Commission shall be returned to the State of California. The liabilities of the Commission shall not become liabilities of the County upon either termination of the Commission or the liquidation or disposition of the Commission's remaining assets.

Basis of Accounting and Measurement Focus

The basic financial statements of the Commission are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

Government-Wide Financial Statements

Government-wide financial statements consist of the statement of net position and the statement of activities. These statements are presented on an economic resources measurement focus. All economic resources and obligations of the reporting government are reported in the financial statements.

The government-wide financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting all assets, liabilities, deferred outflows and inflows of resources of the Commission are included on the statement of net position. The difference between the Commission's assets, liabilities, deferred outflows and inflows of resources is its net position. Net position represents the resources the Commission has available for use in providing services. The Commission's net position is classified as:

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide Financial Statements, (Continued)

<u>Unrestricted</u> – This category represents neither restrictions nor net investment in capital assets and may be used by the Commission for any purpose though they may not be necessarily liquid.

The statement of activities presents a comparison of the direct expenses and program revenues for the Commission's governmental activities. Program revenues include grants and contributions restricted for the operational requirements of a particular program. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Program revenues include tobacco taxes, First 5 California programs and federal revenues. General revenues are all revenues that do not qualify as program revenues and include investment income and miscellaneous income. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33.

Fund Financial Statements

The fund financial statements consist of the balance sheet, the statement of revenues, expenditures and changes in fund balance – budget and actual of the Commission's general fund. These statements are presented on a current financial resources measurement focus. Generally, only current assets, deferred inflows of resources, and current liabilities are included on the balance sheet. The statement of revenues, expenditures and changes in fund balance for the governmental fund generally presents increases (revenues) and decreases (expenditures) in net current resources. All operations of the Commission are accounted for in the general fund.

The fund financial statements have been prepared on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Revenues are considered available if they are received within 60 days after year-end. Revenues susceptible to accrual include tax revenues, grant revenues and investment income. Expenditures are recognized in the accounting period in which the fund liability is incurred except for compensated absences, which are recognized when due and payable at year-end.

Fair Value Measurement

The Commission categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Commission does not have any investments that are measured using Level 3 inputs.

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows and Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. A deferred outflow of resources is defined as a consumption of the net position by the Commission that is applicable to a future reporting period. The Commission has a deferred inflow, unavailable revenue, which occurs only under a modified accrual basis of accounting. Accordingly, the items are reported only in the governmental fund balance sheet. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. The Commission also recognizes deferred outflows and inflows related to pensions and other post-employment benefits under the accrual basis of accounting. These items are reported only in the government-wide Statement of Net Position.

Capital assets, net of accumulated depreciation

Capital assets are not considered to be a financial resource and therefore, is not reported as an asset in the fund financial statements. Capital assets are capitalized and reported at cost, net of accumulated depreciation in the government-wide financial statements. There were no additions to the capital assets in the current year.

Capital assets are recorded at historical cost. The Commission capitalizes assets with cost in excess of \$5,000 and a useful life greater than one year. The Commission depreciates capital assets using a straight-line method over the estimated useful life of each asset. The estimated useful life used for the capital assets, comprised only of equipment, ranges from 5 to 10 years.

Adjustments Between Fund Financial Statements and Government-Wide Financial Statements

Prepaid Pension

Prepaid pension contributions are reported as a prepaid asset in the fund financial statements and in the Statement of Net Position. The prepaid pension contributions, at the fund level, pertain to the contributions required for the related payroll periods of July 1, 2019 to June 30, 2020. Because the next actuarial valuation to determine the Commission's net pension liability will occur on December 31, 2019, \$18,488 of the prepaid contributions are recognized as a deferred outflow of resources on the government wide statements to account for the portion that will be applied to the calculation of net pension liability.

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Differences Between Fund Financial Statements and Government-Wide Financial Statements (Continued)

Long-Term Liabilities

Compensated absence obligations are considered long-term in nature and are reported in the fund financial statements as expenditures in the period paid or when due and payable at year-end under the modified accrual basis of accounting. Compensated absences have been accrued in the government-wide financial statements and are included in long-term liabilities. Compensated absences are liquidated by the general fund.

Pension Plan

In government-wide financial statements, retirement plans (pensions) are required to be recognized and disclosed using the accrual basis of accounting regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

In general, the Commission recognizes a net pension liability, which represents the Commission's proportionate share of the excess of the total pension liability over the fiduciary net position reflected in the actuarial report provided by the Orange County Employees Retirement System (OCERS). The net pension liability is measured as of OCERS' prior fiscal year end December 31, 2018. Changes in the net pension liability are recorded, in the period incurred, as pension expense or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change. The changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources (that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience) are amortized in the respective pension plan and are recorded as a component of pension expense beginning with the period in which they are incurred.

Other Postemployment Benefits ("OPEB")

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about fiduciary net position of the County of Orange Retiree Benefit Plan ("OPEB Plan") and additions to/deductions from OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments, which are reported at amortized cost.

The following timeframes are used for OPEB reporting:

OPEB

Valuation Date June 30, 2017 Measurement Date December 31, 2018

Measurement Period January 1, 2018 to December 31, 2018

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of gain or loss. The difference between projected and actual earnings is amortized on a straight-line basis over five years. All other amounts are amortized on a straight-line basis over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) at the beginning of the measurement period.

Due to other governments

Due to other governments represents amounts owed to grantees and governmental agencies for services provided to the Commission in accordance with the Commission's strategic plan.

Retentions payable

The Commission retains a percentage of amounts billed by grantees and vendors in accordance with executed contracts. Upon fulfilling the requirements of the grantee agreement or contract, the amounts are released.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Also, the preparation of the financial statements inherently requires the rounding of amounts and estimates.

Budget and Budget Reporting

The Commission is required by County ordinance to prepare a budget each year based on estimates of revenues and expected expenditures. The Commission's Board of Commissioners adopted an annual budget of expenditures for the year ended June 30, 2019, which is prepared on the modified accrual basis of accounting. The accompanying statement of revenues, expenditures and changes in fund balance – budget and actual includes the budgeted expenditures for the year, along with management's estimate of revenues for the year. The legal level of budgetary control is at the total fund level.

Fund Balance

Fund balance classifications comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The Commission established the following classifications and definitions of fund balance for the year ended June 30, 2019:

Nonspendable – Resources that cannot be spent because they are not in an expendable form (e.g. prepaid asset, advances to others) or must be maintained intact (e.g. endowment principal).

Restricted - Resources that are constrained to specific purposes by an external provider (e.g. grantors, contributors, governmental laws and regulations) or by constitutional provisions or enabling legislation.

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance (Continued)

Committed - Resources with self-imposed limitations and require both the approval of the highest level of decision-making authority (Board of Commissioners) and the same formal action to remove or modify the limitations. The formal action required by the Board of Commissioners for funds to be committed is action by the way of resolution allocating funding for a specific purpose, program or initiative.

Assigned - Resources with self-imposed limitations but do not require approval by the highest level of decision-making authority (may be a body, committee or individual designated by Board of Commissioners) or the same level of formal action to remove or modify limitations. Includes appropriation of a portion of existing fund balance sufficient to eliminate subsequent year's budget deficit, resources assigned to specific program for which there is an approved budget, and resources approved by the Commission for a long-range financial plan.

Unassigned - Resources that cannot be reported in any other classification.

Fund balance of governmental funds is reported in various categories based on the nature of the limitations requiring the use of resources for specific purposes. The Commission itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purpose determined by a formal action of the Commission. The Commission is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Commission for specific purposes but do not meet the criteria to be classified as committed. The Commission adopts an annual budget and gives authority to the Executive Director and staff to assign fund balance for approved contracts in force. Unlike commitments, an additional action does not normally have to be taken for the removal of an assignment.

The Commission's spending priority is to spend restricted fund balance first, followed by committed, assigned and unassigned fund balance.

Refer to Note 6 for additional details regarding the GASB 54 classification of fund balance.

Encumbrances

The Commission utilizes an encumbrance system as a management control technique to assist in controlling expenditures. Encumbrances of \$33.8 million represent Board-approved future year contracts for Catalytic Programs (\$6.3 million) and annual programs and operations (\$27.6 million). The most significant Catalytic Program encumbrance is for Children's Dental (\$4.8 million). The three largest program encumbrance balances are for the Dental Transformation Initiative (\$5.3 million), Bridges: Maternal Child Health Network (\$5.3 million each), and First 5 IMPACT and Hubs (\$5 million). Encumbrances for Catalytic Programs are reported in Committed fund balance and encumbrances for other programs are reported in Assigned fund balance.

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Children and Families Commission Orange County Employees Retirement System (OCERS) plan and additions to/deductions from OCERS' fiduciary net position have been determined on the same basis as they are reported by OCERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Effect of New Governmental Accounting Standards Board (GASB) Pronouncements

Effective This Fiscal Year

GASB Statement No. 83 – In November 2016, GASB issued Statement No. 83, Certain Asset Retirement Obligations. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital asset should recognize a liability based on the guidance in this Statement. This Statement also requires disclosure of information about the nature of a government's ARO, the methods and assumptions used for the estimates of the liabilities, and the estimated remaining useful life of the associated tangible capital assets. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The Commission has determined that this Statement does not have a material impact on the financial statements.

GASB Statement No. 88 – In April 2018, GASB issued Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements. The primary objective of this Statement is to improve the information that is disclosed in notes to governmental financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Statement is effective for the reporting periods beginning after June 15, 2018. The Commission has determined that this Statement does not have a material impact on the financial statements.

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Effective in Future Fiscal Years

GASB Statement No. 84 – In January 2017, GASB issued Statement No. 84, Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The Commission has not determined the effect of this Statement.

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the reporting periods beginning after December 15, 2019. The Commission has not determined the effect of the Statement.

GASB Statement No. 89 – In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period.* The objective of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The Statement is effective for the reporting periods beginning after December 15, 2019. The Commission has not determined the effect of the Statement.

GASB Statement No. 90 – In August 2018, GASB issued Statement No. 90, *Majority Equity Interests* – An Amendment of GASB Statements No. 14 and No. 61. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The Statement is effective for the reporting periods beginning after December 15, 2018. The Commission has not determined the effect of the Statement.

GASB Statement No. 91 – In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The objectives of this statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this statement are effective for reporting periods beginning after December 15, 2020. The Commission has not determined the effect on the financial Statement.

Investments Authorized by the California Government Code and the Commission Investment Policy Statement

The list below identifies the investment types that are authorized by the California Government Code or the Commission Investment Policy Statement, where more restrictive.

Authorized investment instruments include:

Total Cash and Investments

- Certificates of Deposit (insured or collateralized)
- Orange County Investment Pool
- "AAA" rated Money Market Mutual Funds
- U.S. Treasury securities
- U.S. Government Agency securities: Debt securities issued by U.S. Government sponsored enterprises and federally related institutions. These government agencies include: Federal Home Loan Banks (FHLB), Federal Home Loan Mortgage Corporation (FHLMC or Freddie Mac), Federal National Mortgage Association (FNMA or Fannie Mae), Federal Farm Credit Banks (FFCB), Resolution Trust Corporation (RTC), and Tennessee Valley Authority (TVA).
- Municipal Debt
 - o Obligations of the State of California:
 - o Local Agency Obligations: These are bonds, notes, warrants or other evidences of indebtedness of any local agency or by a department, board or authority of any local agency within California.
 - o All Municipal Debt must be rated "AA" or better from at least two NRSROs.

NOTE 2 – CASH AND INVESTMENTS (Continued)

All Money Market Mutual Funds must be AAA rated by two NRSROs, invest only in direct obligations in US Treasury bills, notes, bonds, U.S. Government Agencies and repurchase agreements with a weighted average of 60 days or less, and have a minimum of \$500 million in assets under management.

The Commission is a participant in the County Treasurer's Orange County Investment Pool (OCIP). The OCIP is an external investment pool, is not rated and is not registered with the Securities Exchange Commission (SEC). The County Treasury Oversight Committee conducts OCIP oversight. Cash on deposit in the OCIP at June 30, 2019, is stated at fair value. The OCIP values participant shares on an amortized cost basis during the year and adjusts to fair value at year-end. For further information regarding the OCIP, refer to the County of Orange Comprehensive Annual Financial Report.

Fair Value Measurements

The Commission categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of June 30, 2019, the Commission held no individual investments. All funds are invested in OCIP.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Commission's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Deposits and withdrawals in the OCIP are made based on \$1 and not fair value. Accordingly, the Commission's proportionate share of investments in the OCIP at June 30, 2019 of \$38,633,125 is measured based on an uncategorized input not defined as a Level 1, Level 2, or Level 3 input.

NOTE 3 – DUE FROM OTHER GOVERNMENTS

The due from other governments account represents amounts due to the Commission from the California Children and Families Commission ("State Commission") for Prop 10 related revenues and other governmental agencies. The amounts due to the Commission at June 30, 2019, were as follows:

Due	from	State	Comn	nission	:

NOTE 6 – FUND BALANCE

Fund balance is classified using a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance as of June 30, 2019 consists of the following:

	June 30, 2019
Nonspendable: Prepaids and Advances	\$3,889,033
Committed for: Catalytic Round 1 and 2 programs	14,472,082
Assigned for: Approved contracts	18,932,073
Total fund balance	\$37,293,188

Fund Balance Category Descriptions

Nonspendable – consists of prepaid retirement contributions for Fiscal Year 2018-2019. Refer to Note 8 for further details. Included in Nonspendable are Catalytic funding amounts advanced to grantees for project scopes not completed by June 30, 2019.

Committed for contractual obligations – consists of contract amounts approved by Commission action as of June 30, 2019 for Fiscal Year 2019-2020 and future years of Commission Round 1 and 2 Catalytic funding.

Assigned for approved contracts – consists of Fiscal Year 2019-2020 programs that were approved by Commission action and included in the Fiscal Year 2019-2020 Operating Budget.

NOTE 7 – CONTINGENCIES

The Commission is involved in various legal proceedings from time to time in the normal course of business. In management's opinion, the Commission is not involved in any legal proceeding that will have a material adverse effect on financial position or changes in financial position of the Commission.

NOTE 8 – DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description. All full-time employees of the Commission participate in the Orange County Employees Retirement System (OCERS). OCERS was established by the County of Orange in 1945. OCERS is administered by the Board of Retirement and governed by the County Employee's Retirement Law of 1937 California Government Code Section 31450 et. seq.). OCERS is a cost-sharing multiple employer public employee retirement system whose main function is to provide service retirement, disability, death and survivor benefits to the Safety and General members employed by the County of Orange. OCERS also provides retirement benefits to the employee members of the Orange County Courts, the Orange County Retirement System, two cities and twelve special districts.

The management of OCERS is vested with the Orange County Board of Retirement. The Board consists of nine members and one alternate. The County Treasurer is a member of the Board of Retirement by law. Four members are appointed by the Board of Supervisors, one of whom may be a County Supervisor. Two members are elected by the General membership; one member and one alternate are elected by the Safety membership, and one member is elected by the retired members of the System. All members of the Board of Retirement serve terms of three years except for the County Treasurer whose term runs concurrent with her term as County Treasurer. OCERS issues a stand-alone annual financial report, which can be obtained at www.ocers.org.

Benefits Provided. OCERS provides service retirement, disability, death and survivor benefits to eligible employees. All regular full-time employees of the County of Orange or contracting agencies who work a minimum of 20 hours per week become members of OCERS effective on the first day of employment in an eligible position. There are separate retirement plans for General and Safety member employees. Safety membership is extended to those involved in active law enforcement, fire suppression, and certain probation officers. Any new Safety Member who becomes a member on or after January 1, 2013 is designated PEPRA Safety and is subject to the provisions of California Public Employees' Pension Reform Act of 2013 (PEPRA), California Government Code 7522 et seq. All other employees are classified as General members. New General Members employed after January 1, 2013 are designated as PEPRA General subject to the provisions of California Government Code 7522 et seq.

General Information about the Pension Plan

General members prior to January 1, 2013, including all members of Plan T and Plan W hired on or after January 1, 2013, are eligible to retire once they attain the age of 50 and have acquired ten or more years of retirement service credit. A member with 30 years of service is eligible to retire regardless of age. General members who are first hired on or after January 1, 2013, excluding member of Plan T and Plan W, are eligible to retire once they have attained the age of 52, and have acquired five years of retirement service credit.

All General and Safety members can also retire at the age of 70 regardless of service.

The retirement benefit the member will receive is based upon age at retirement, final average compensation, years of retirement service credit and retirement plan and tier.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

General Information about the Pension Plan (Continued)

General member benefits are calculated pursuant to the provisions of Sections 31676.01, 31676.1, 31676.1, 31676.12, 31676.16, 31676.18 or 31676.19. For section 31676.01, the monthly allowance is equal to 1/90th of final compensation times years of accrued retirement service credit times age factor from that Section. For Section 31676.1, the monthly allowance is equal to 1/60th of final compensation times years of accrued retirement service credit times age factor from the Section. For Sections 31676.12, 31676.16, 31676.18 or 31676.19, the monthly allowance is equal to 1/50th of final compensation times years of accrued retirement service credit times age factor from the corresponding Section. General member benefits for those who are first hired on or after January 1, 2013, excluding members of Plan T, are calculated pursuant to the provision California Government Code Section 7522.20(a). The monthly allowance is equal to the final compensation multiplied by years of accrued retirement credit multiplied by the age factor from Section 7522.20(a).

For members with membership dates before January 1, 2013, including all members of Plan T and Plan W hired on or after January 1, 2013, the maximum monthly retirement allowance is 100% of final compensation. There is no maximum with membership dates on or after January 1, 2013, excluding members of Plan T and Plan W.

Final average compensation consists of the highest 12 consecutive months for a General Tier 1 or Safety Tier 1 member and the highest 36 consecutive months for a General Tier 2, General PEPRA, Safety Tier 2 or Safety PEPRA member.

The member may elect an unmodified retirement allowance or choose an optional retirement allowance. The unmodified retirement allowance provides the highest monthly benefit and a 60% continuance to an eligible surviving spouse or domestic partner is one married to or registered with the member one year prior to the effective retirement date. Certain surviving spouses or domestic partners may also be eligible if marriage or domestic partnership was at least two years prior to the date of death and the surviving spouse or domestic partner has attained age 55. There are four optional retirement allowances the member may choose. Each of the optional retirement allowances requires a reduction in the unmodified retirement allowance in order to allow the member the ability to provide certain benefits to a surviving spouse, domestic partner, or named beneficiary having an insurable interest in the life of the member.

OCERS provides an annual cost-of-living benefit to all retirees. The cost-of-living adjustments, based upon the Consumer Price Index for All Urban Consumers for the Los Angeles-Riverside-Orange County Area, is capped at 3.0%.

Contributions. The Commission contributes to the retirement plan based upon actuarially determined contribution rates adopted by the Board of Retirement. Employer contribution rates are adopted annually based upon recommendations received from OCERS' actuary after the completion of the annual actuarial valuation. The average employer contribution rate for the first six months of calendar year 2018 or the second half of fiscal year 2017-2018 (based on the December 31, 2015 valuation) was 37.25% of compensation. The average employer contribution rate for the last six months of calendar year 2018 or the first half of fiscal year 2018-2019 (based on the December 31, 2016 valuation) was 36.56% of compensation. Contributions recognized by the plan in FY 2018-19 were \$90,445.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

General Information about the Pension Plan (Continued)

All members are required to make contributions to OCERS regardless of the retirement plan or tier in which they are included. The average member contribution rate for the first six months of calendar year 2018 or the second half of Fiscal Year 2017-2018 (based on the December 31, 2015 valuation) was 12.21% of compensation. The average member contribution rate for the last six months of calendar year 2018 or the first half of Fiscal Year 2018-2019 (based on the December 31, 2016 valuation) was 12.01% of compensation.

Early payment of 2019-20 contributions. In July 2018, the OCERS Board of Retirement authorized the offer of a 4.50% discount to plan sponsors for the early payment of their employer contributions for Fiscal Year 2019-2020. Subsequently, the Commission authorized the early payment of \$11,056 in January 2019. Due to carryover balances from prior-years, \$18,488 remained in the account and will be applied towards the Commission's employer required OCERS contributions for Fiscal Year 2019-2020. At the fund level, the \$18,488 is reported as prepaid and the portion of the prepaid which will reduce the net pension liability at the next measurement date had been reclassified to deferred outflows of resources on the government wide financial statements.

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Commission reported a liability of \$630,611 for its proportionate share of the net pension liability. The Net Pension Liability (NPL) was measured as of December 31, 2018. Plan Fiduciary Net Position (plan assets) was valued as of the measurement date while the Total Pension Liability (TPL) was determined based upon rolling forward the TPL from actuarial valuation as of December 31, 2017. At December 31, 2018, the Commission's proportion was 0.010% percent allocated based on the actual employer contributions within the Commission's rate group. This represents a decrease from 0.019%, from the proportionate measured as of December 31, 2017.

For the year ended June 30, 2019, the Commission recognized pension expense of (\$285,793). As of June 30, 2019, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$52,137	
Changes in proportion and differences between employer contributions and proportionate share of contributions		\$1,081,690
Changes of assumptions	53,458	8,177
Difference between expected and actual experience		41,415
Commission contributions subsequent to the measurement date	18,488	
Total	\$124,083	\$1,131,282

NOTE 8 - DEFINED BENEFIT PENSION PLAN (Continued)

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$18,488 of the amount reported as deferred outflows of resources related to pensions resulting from Commission contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Additional contributions will be recognized as deferred outflows of resources. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2020	\$ (342,726)
2021	(304,205)
2022	(221,833)
2023	(99,138)
2024	(57,785)
	\$ (1,025,687)

Actuarial assumptions. For the measurement period ended December 31, 2018 (the measurement date), total pension liability (TPL) was determined by rolling forward the December 31, 2017 (the valuation date) total pension liability. The actuarial assumptions used were based on the results of an experience study for the period from January 1, 2014 through December 31, 2016.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation but before deducting investment expenses are shown in the following table. This information was used in the derivation of the long-term expected investment rate of return assumption for the December 31, 2018 actuarial valuations. This information will change every three years based on the actuarial experience study.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	35.0%	6.38%
Core Bonds	13.0%	1.03%
High Yield Bonds	4.0%	3.52%
Bank Loan	2.0%	2.86%
TIPS	4.0%	0.96%
Emerging Market Debt	4.0%	3.78%
Real Estate	10.0%	4.33%
Core Infrastructure	2.0%	5.48%
Natural Resources	10.0%	7.86%
Risk Mitigation	5.0%	4.66%
Mezzanine/Distressed Debts	3.0%	6.53%
Private Equity	<u>8.0%</u>	9.48%
Total	100.00%	

Discount rate. The discount rate used to measure the TPL was 7.00% as of December 31, 2018. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL as of December 31, 2018.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

Sensitivity of the Commission's proportionate share of the net pension liability to changes in the discount rate. The following presents the Commission's proportionate share of the Net Pension Liability (NPL) calculated using the discount rate of 7.00%, as well as what the Commission's NPL would be if it were calculated using a discount rate that is one-percentage-point lower (6.00%) or one-percentage-point higher (8.00%) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase

Net pension liability	\$1,710,176	\$630,611	(\$246,960)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued OCERS financial report.

NOTE 9 – COMMITMENTS

The Commission leases office space from a third party under a long-term operating lease. The latest lease expires on October 31, 2021 (Fiscal Year 2021-2022) and is non-cancellable. The future minimum rental payments due under the lease are as follows.

Fiscal Year 2019-2020	\$ 72,844
Fiscal Year 2020-2021	74,708
Fiscal Year 2021-2022	<u>25,072</u>
	\$172,624

Rent expense was \$71,148 for the year ended June 30, 2019.

NOTE 10 – RELATED PARTY TRANSACTIONS

The Commission contracts with the County to provide accounting, banking and investment, purchasing, human resources, risk management and other administrative services. The Commission participates in the County's risk management programs (commercial and self-insurance programs) for general and automobile liability insurance, public official liability, rental interruption, personal property, worker's compensation, group health indemnified plans, group salary continuance plan, group dental plan and unemployment benefit plan. The Commission records its portion of related insurance premiums charged by the County as an expense. Insurance expense for the year ended June 30, 2019 was \$22,531. The Commission incurred expenses totaling \$375,325 for all other County services provided during the year ended June 30, 2019. The amount owed to the County of Orange for related party transactions at June 30, 2019 was \$1,814.

The Commission paid \$384,226 of service provider grants to organizations represented by a member of the Board of Commissioners, although both members abstain from all votes regarding funding to the organization represented. The Commission incurred a total of \$1,593,936 in expenses paid to the County of Orange for program services delivered by the Health Care Agency and Social Services Agency.

NOTE 11 - PROGRAM EVALUATION

In accordance with the Standards and Procedures for Audits of California Counties Participating in the California Children and Families Program, issued by the California State Controller, the Commission is required to disclose the amounts expended during the fiscal year on program evaluation. Program evaluation costs pertain to those activities undertaken to support the collection, production, analysis and presentation of evaluation information for Commission management, Commissioners and other interested parties. For the year ended June 30, 2019, the Commission expended \$713,163 for program evaluation.

NOTE 12 - OTHER POST EMPLOYMENT BENEFITS (OPEB) - RETIREE MEDICAL PLAN

At June 30, 2019, net OPEB liability and related deferred outflows of resources and deferred inflows of resources are as follows:

Deferred outflows of resources:

OPEB contributions subsequent to the measurement date	\$20,000
Net difference between projected and actual earnings on plan	\$8,000
investments	
Changes in proportion and differences between employer	4,000
contributions and proportionate share of contributions	
Net OPEB liabilities:	\$290,000

Plan Description. In accordance with the Commission's participation agreement entered into in July 2007, the Commission is a participant in the County of Orange Retiree Medical Plan (the Plan). The Plan is a cost-sharing multiple employer defined benefit retiree medical plan. The Plan provides a grant for medical benefits to eligible retirees and their dependents and lump-sum payments for employees separating from employment prior to being eligible for the grant. The County Board of Supervisors maintains the authority to establish and amend the Plan's benefit provisions. The financial statements and required supplementary information of the Plan are included in the County of Orange's fiscal year 2018-2019 Comprehensive Annual Financial Report (CAFR). The Commission is reported in the County's CAFR as a discretely presented component unit. That report may be obtained by contacting the County of Orange, Auditor Controller, 12 Civic Center Plaza, Room 200, Santa Ana, California 92702.

Eligibility. An employee who is credited with at least ten years of service at the time the employee becomes a retiree shall be eligible to receive a grant in accordance with the County of Orange Retiree Medical Plan. An employee who becomes a retiree eligible for the grant and does not immediately begin to receive a retirement allowance from OCERS is not eligible to participate in the plan until the employee's retirement allowance commences. In order to be eligible to receive the grant, a participant must be covered under a Qualified Health Plan and/or Medicare. Coverage in a Qualified Health Plan must be elected within 30 days of the commencement of retirement allowance from OCERS. A covered retiree or surviving dependent who is age 65 or older must be enrolled in Medicare Part A (if eligible for coverage without a premium) and Part B in order to be eligible for the grant. A Qualified Health Plan is defined as a health insurance plan made available to employees and/or retirees, including a County Health Plan or a plan administered by an Employee Organization that the County of Orange has agreed shall be a Qualified Health Plan. A lump sum payment is available under limited circumstances as defined in the plan for an employee whose employment terminates prior to becoming eligible for a grant.

NOTE 12 – OTHER POST EMPLOYMENT BENEFITS (OPEB) - RETIREE MEDICAL PLAN (continued)

Benefits Provided. The monthly benefit paid to an eligible retiree is equal to \$10 multiplied by the number of full years of credited service (with a maximum of 25 years). The monthly benefit shall not exceed the actual cost to the retiree for coverage under a qualified health plan and Medicare premiums. The benefit is reduced by 7.5% per year for each year the retiree is less than 60, based on the date the employee takes active retirement from OCERS. Conversely, the benefit is increased by 7.5% per year for each year the retiree is in excess of 60, and no adjustment is made for years of age after age 70. A 50% reduction adjustment applies to retirees and surviving dependents eligible for both Medicare Part A (without premium) and Part B. A surviving dependent of a retiree previously receiving a benefit is eligible to receive a monthly survivor benefit equal to 50% of the amount the retiree was eligible to receive. The monthly benefit is adjusted annually (not to exceed 3% per year) based on the average increase or decrease across all County retiree health plans.

Contribution. The Commission makes contributions to the plan equal to the actuarially determined contribution. The percentage contributions are established by a Participation Agreement with the County of Orange. All contributions are employer contributions and are made through the County of Orange payroll system. For the fiscal year ended June 30, 2019, the Commission's contributions were \$39,000.

At June 30, 2019, the Commission reported a liability of \$290,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017. The Commission's proportion of the net OPEB liability was based on a projection of the Commission's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating member agencies, actuarially determined. At December 31, 2018, the Commission's proportion was 0.0698 percent, a decrease of .0009% from the prior measurement date.

For the fiscal year ended June 30, 2019, the Commission recognized OPEB expense of \$30,000. As of fiscal year ended June 30, 2019, the Commission reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources
OPEB contributions subsequent to the measurement date	\$20,000
Net difference between projected and actual earnings on plan investments	8,000
Changes in proportion and differences between employer contributions and proportionate share of contributions	4,000
Total	\$32,000

NOTE 12 – OTHER POST EMPLOYMENT BENEFITS (OPEB) - RETIREE MEDICAL PLAN (continued)

The \$20,000 reported as deferred outflows of resources related to contributions subsequent to the December 31, 2018 measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2020. Other amounts reported as deferred inflows of resources related to OPEB will be recognized as expense as follows:

Fiscal Year	Deferred Outflows
Ended June 30:	Of Resources
2020	1,000
2021	1,000
2022	1,000
2023	5,000
2024	-
2025+	4,000

Actuarial Assumptions: The total OPEB liability in the June 30, 2017 valuation date was determined using the following significant actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Funding Policy	Employer contributes full ADC		
Discount rate	7.00%		
Long-Term Expected Rate of Return on Investments	7.00%, net of investment expenses		
General Inflation	2.75% per annum		
Payroll Increases (1)	Aggregate Increases – 3.25%

Medical Trend	Pre-Medicare – 7.5% for 2019, decreasing to 4.0% for		
	2076 and later		
	Medicare – 6.25% for 2019, decreasing to 4.0% for 2076		
	and later		
Cost Sharing (2)	The Grant increase rate limits specified in the plan		
	document (3% or 5%, depending on bargaining group) are

	charges		

- (1) Merit Increases OCERS 2014-2016 Experience Study
- (2) Negotiated contributions for active safety employees are assumed to continue if no end date is specified in the current bargaining agreement

Discount Rate. The discount rate used to measure the total OPEB liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

NOTE 12 – OTHER POST EMPLOYMENT BENEFITS (OPEB) - RETIREE MEDICAL PLAN (continued)

The target asset allocation and long-term rates of return for each asset class are summarized in the following table.

NOTE 13 – FIRST 5 CALIFORNIA IMPACT PROGRAM AND REGIONAL HUB

First 5 California funded a statewide program to implement the California Quality Rating and Improvement System (QRIS). The QRIS is a systemic approach to asses, improve, and communicate the level of quality in early education programs. The Commission received First 5 IMPACT funds that were contracted to the Orange County Department of Education (OCDE) as the local organization with expertise for implementing early education quality programs. First 5 California funding for IMPACT is \$5,109,491 for a five-year period that began July 1, 2015. Funds claimed for the period ending June 30, 2019 totaled \$1,146,978, and all IMPACT funds require a two to one program partner match of two dollars of First 5 funding to every dollar of local funding. Another component of the IMPACT program is Incentive Layer Funds. These funds are intended to help support ambitious achievement and associated costs. Allocations are based on availability and predefined priorities. Two incentive payments were released to the Commission in the current year totaling \$186,000.

First 5 California provided additional funding for regional coordination, training and technical assistance for the quality improvement of early education programs and systems. The Commission was selected as one of ten statewide hub region fiscal agents for the IMPACT Hubs program. OCDE was contracted to serve as the administrative lead for the regional hub with the purpose of developing and defining cost-effective, efficient, and impactful QRIS systems that address local needs and priorities. First 5 California funding for IMPACT Hubs is \$2,855,562 for a four-year period that began July 1, 2016. Funds claimed for the period ending June 30, 2019 totaled \$787,600.

NOTE 14 – ADVANCES TO OTHERS

Advances to others as of June 30, 2019 were \$3,870,545. Advances to others include Catalytic Round 1 and 2 funds advanced to service providers. The Commission invested in Catalytic programs expanding the service capacity of service providers in both Early Learning and Homeless Prevention. In August 2012, the Commission advanced \$5,000,000 to Think Together. The purpose of the advance was to develop a strategic partnership to develop early literacy and math programs and guide the implementation in Orange County, maintain early literacy programs and expand early math as programs become available, and create an opportunity to leverage other funding sources to support the material costs and sustain the program. In December 2013, the Commission advanced \$6,250,000 to HomeAid Orange County to construct emergency shelters to serve homeless families with young children, provide operational support for no less than five years, including staffing and direct services for additional emergency shelter beds, and leverages matching funds obtained by implementing agencies for continued operational support. The advanced funds are expensed as services are provided.

- a. Net of refunds for tax indicia on cigarettes that become unfit for use (See Refunds).
- A discount of .85 percent of gross value of tax indicia is granted to distributors for affixing the stamps. From July 1, 1960, until August 1, 1967, the discount rate
 was 2 percent.
- on credit.
- d. Effective April 1, 2017, the overall tax rate on cigarettes was increased from 87 cents to \$2.87 per pack.
- c. From July 1, 2001, through September 9, 2001, the surtax rate on smokeless tobacco ranged from 131 percent for moist snuff to 490 percent for chewing tobacco. Effective September 10, 2001, the surtax rate on smokeless tobacco was lowered to 52.65 percent.
 - Effective January 1, 1999, the overall tax rate on eigarettes was increased from 37 cents to 87 cents per pack under voter-approved Proposition 10. The additional 50-cent-per-pack tax was imposed to raise funds for early childhood development programs. Excludes \$87,978,766 in 1998-99 from the floor stocks taxes for both eigarettes and other tobacco products levied on January 1, 1999.
 - From July 1, 1998, through December 31, 1998, the surtax rate was 26.17 percent for other tobacco products. Effective January 1, 1999, the new surtax imposed under Proposition 10 raised the combined surtax rate to 61.53 percent for other tobacco products. The new surtax is equivalent (in terms of the wholesale costs of other tobacco products) to a 50-cent-per-pack tax on cigarettes.
- Effective January 1, 1994, the overall tax rate on cigarettes was increased from 35 cents to 37 cents per pack. The additional 2-cent-per-pack tax was imposed to raise funds for breast cancer research and education.

 i. Effective January 1, 1989, an additional 25-cent-per-pack surtax was imposed on cigarettes and a new 41.67 percent surtax was imposed on other tobacco products. Excludes \$57,927,856 in 1988-89 and \$595,000 in 1989-90 from the floor stocks tax levied on January 1, 1989.
 - Effective August 1, 1967, the tax rate was increased from 3 cents to 7 cents per pack. On October 1, 1967, the rate was further increased to 10 cents per pack, with the stipulation that 30 percent of the tax be allocated to cities and counties. Includes \$6,515,209 from the 4-cent-per-pack floor stocks tax levied on August 1, 1967; and \$4,889,485 from the 3-cent-per-pack floor stocks tax imposed October 1, 1967.
- k. Refunds made for distributors' discounts in the 1960-61 fiscal year on purchases made in the 1959-60 fiscal year have been deducted. Refunds amounted to \$324,000.
- 1. Effective July 1, 1960, a discount was allowed at the time tax indicia were purchased.

h.

m. Includes \$2,673,048 from the 3-cent-per-pack floor stocks tax imposed July 1, 1959; and also includes the amount of distributors' discounts which were refunded after purchase of indicia. During July and August of 1959, the tax was collected by invoice and no discount was allowed on these collections of \$8,123,700, nor on the \$2,673,048 tax on floor stocks.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Commissioners Children and Families Commission of Orange County

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Children and Families Commission of Orange County (Commission), a component unit of the County of Orange, California, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated October 30, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on State Compliance

To the Board of Commissioners Children and Families Commission of Orange County

Compliance

We have audited the Children and Families Commission of Orange County's (Commission), a component unit of the County of Orange, California, compliance with the requirements specified in the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, applicable to the Commission's statutory requirements identified below for the year ended June 30, 2019.

Management's Responsibility

Management is responsible for compliance with the requirements of the laws and regulations applicable to the California Children and Families Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Commission's compliance with the requirements referred to above based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the State of California's *Standards and Procedures* for Audits of Local Entities Administering the California Children and Families Act, issued by the State Controller's Office. Those standards and the State of California's *Standards and Procedures for Audits of Local Entities* Administering the California Children and Families Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the requirements referred to above that could have a direct and material effect on the statutory requirements listed below. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance. However, our audit does not provide a legal determination of the Commission's compliance with those requirements. In connection with the audit referred to above, we selected and tested transactions and records to determine the Commission's compliance with the state laws and regulations applicable to the following items

Opinion

In our opinion, the Commission complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the California Children and Families Program for the year ended June 30, 2019.

Purpose of Report

The purpose of this report on compliance is solely to describe the scope of our testing over compliance and the results of that testing based on the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office. Accordingly, this report is not suitable for any other purpose.

To the Board of Commissioners Children and Families Commission of Orange County

We have audited the financial statements of the Children and Families Commission of Orange County (Commission), a component unit of the County of Orange, as of and for the year ended June 30, 2019, and have issued our report thereon dated October 30, 2019. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards*

As communicated in our letter dated May 6, 2019, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Commission solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Commission is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the fiscal year. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive estimates affecting the Commission's financial statements were:

Management's estimate of the:

- Liabilities owed to grantees included in accounts payable and due to other governments are based on historical expenditures and provisions of the contract term.
- Amounts related to the net pension liability, related deferred inflows of resources and deferred outflows of resources, and disclosures are based on actuarial valuations and a proportionate share of the Orange County Employees Retirement System collective net pension liability.

We evaluated the key factors and assumptions used to develop the above estimates and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Commission's financial statements relate to:

The disclosure of the Commission's defined benefit pension plan, net pension liability and related deferred inflows of resources and deferred outflows of resources in Note 8 to the financial statements. The valuation of the net pension liability and related deferred outflows (inflows) of resources are sensitive to the underlying actuarial assumptions used including, but not limited to, the investment rate of return and discount rate, and the Commission's proportionate share of the Plan's collective net pension liability. As disclosed in Note 8, a 1% increase or decrease in the discount rate has a significant effect on the Commission's net pension liability.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no corrected or uncorrected misstatements identified as a result of our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Commission's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated October 30, 2019.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Commission, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating conditions affecting the entity, and operating plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Commission's auditors.

This report is intended solely for the information and use of the Board of Commissioners, and management of the Children and Families Commission of Orange County and is not intended to be, and should not be, used by anyone other than these specified parties.

CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY

RESOLUTION NO. -19-C&FC

December 4, 2019

A RESOLUTION OF THE CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY ADOPTING THE AMENDED FISCAL YEAR 2019-20 OPERATING BUDGET

WHEREAS, at its meeting of April 3, 2019, the Commission conducted a public hearing and reviewed and adopted the following documents prepared and recommended by staff and identified in the staff report for the April 3, 2019 Commission meeting: The Strategic Plan and the Annual Operating Budget for the Fiscal Year 2019-20, including the Administrative Budget; and

WHEREAS, at its meeting of December 4, 2019, the Commission reviewed and adopted an Amended Annual Operating Budget for the Fiscal Year 2019-20 prepared and recommended by staff and identified in the staff report for the December 4, 2019 Commission meeting as Attachment 3.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS OF THE CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY AS FOLLOWS:

- **Section 1** The Commission finds and determines the foregoing Recitals are true and correct and are a substantive part of this Resolution.
- **Section 2** The Commission hereby adopts the Amended Annual Operating Budget for Fiscal Year 2019-20.
- Section 3 Notwithstanding the approval of the amended budget, no expenditures from the line item categories for grant funding for Program Services (or any subcategory within such categories) is authorized or may be approved except by subsequent action of the Board of Commissioners; no category is required to be funded at any particular level; no grant funding decisions for individual applicants or types of applicant will be made except in connection with specific grant processes, and no ceiling or floor for such categories is established by this budget.
- Section 4 Approval by the Board of Commissioners is required to increase or decrease the existing total amount of budgeted appropriations, revenues, and/or reserves as adopted by the Board of Commissioners. The Executive Director, or designee, is authorized to transfer existing budgeted appropriations mid-fiscal year between existing budget categories and accounts in order to pay for required operating expenses. In accordance with the Commission's Budgetary Control policy, the Commission renews its delegation of authority to approve budgetary transfers to the Executive Director for Fiscal Year 2019-20.
- <u>Section 5</u> The Clerk of the Commission shall append to this Resolution a copy of the Amended Annual Operating Budget for Fiscal Year 2019-20, identifying it as Exhibit A, which shall correspond to Attachment 3 of the December 4, 2019 staff report. By this reference such exhibit is incorporated as though fully set forth herein.
- <u>Section 6</u> <u>Severability</u>. If any section, subsection, subdivision, paragraph, sentence, clause or phrase in this Resolution or any part thereof is for any reason held to be unconstitutional or

invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this resolution or any part thereof. The Commission Board hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one (1) or more subsections, subdivisions, paragraphs, sentences, clauses of phrases be declared unconstitutional, or invalid, or ineffective.

Section 7 The Clerk of the Commission shall certify to the adoption of this Resolution.

Agenda Item 6 December 4, 2019

DATE: November 19, 2019

TO: First 5 Orange County Children and Families Commission

FROM: Kimberly Goll, Executive Director

ACTION: Receive Long-Term Financial Plan Update and approve directing revenue above

budget to System-Building investment reserves

SUMMARY:

The Long-Term Financial Plan has been used by First 5 Orange County Children and Families Commission since 2000 as a tool to mitigate the projected decline of tobacco tax revenues, while providing sustainable program funding. The plan is also used as a framework for evaluating both annual and multi-year funding decisions.

DISCUSSION:

Financial Planning Policies and Practices

Several policies and practices guide the development and maintenance of the financial plan. Each year the updated plan follows these guiding policies:

- Realized revenue above budget will be added to unallocated System-Building funds for future one-time investments.
- Fund balance is used to supplement long-term decline in annual revenue in order to minimize large year-over-year fluctuations in program funding.
- Administration is limited to 10 percent of the operating budget.
- Fund balance is required to be maintained at 25 percent of current-year operating budget.
- Staffing levels approved October 2019 are assumed through the end of the plan.
- For planning purposes, all one-time System-Building, previously referred to as Catalytic, reserves are assumed spent in Fiscal Year 2018/2019 to show only base program funding in future years.

Programmatic Funding

While the financial plan assumes a base level of program funding, it does not allocate funds to a program or project. In February 2017, the Commission approved program funding for the three-year renewal cycle beginning July 1, 2017. The Long-Term Financial Plan was updated with the approved program funding levels and includes estimates for all revenue and expenses related to pass-through programs such as First 5 California's quality early education, California Department of Health Care Services Dental Transformation Initiative, Home Visitation Program, and the Conditions of Children Report. All future-year program allocations assume level funding until available fund balance has been exhausted to the minimum policy amount of 25%.

The renewal panel recommendations for the next three fiscal years of funding are anticipated to be presented for discussion at the February 2020 Commission meeting. Once the three-year funding recommendations are finalized, the difference between funding recommendations, including all net

program reductions, and base level funding can be calculated. Any difference will available for either one-time System-Building allocation or specific program augmentations as directed by the Commission.

While no specific funding decisions or allocations are included in the Long-Term Financial Plan, the Plan is updated annually and used to monitor and forecast revenue trends and program funding over a 10-year period. The financial plan has been updated with Fiscal Year 2018/2019 year-end financial results, the Amended 2019/2020 Budget, and the latest revenue projections.

System-Building Allocations

System-Building program investments, formally referred to as Catalytic or Capacity Building, were developed to reduce future-year program budget demands, promote service sustainability and address unmet community needs. System-Building investments have also been used to support critical and recognized community needs through one-time funding to address a critical gap in the network of services to young families. Tobacco tax revenue for fiscal year 2018/19 was \$400,000 above budget; and following the Commission's past practices, allocating these funds to the System-Building budget is recommended.

Fiscal Year 2018/2019 Results

Revenue

Tobacco tax revenue for the Fiscal Year 2018/2019 ended the year above budget, \$23.57 million actual compared to \$23.15 million budget and 7.8% above the prior year. A year-over-year increase was expected following a 11.79% decline in the prior year due to the increase in the legal smoking age from 18 to 21, the increase sales tax of an additional \$2.00 per pack approved by voters, and the expected annual decline in tobacco product sales. The definition of tobacco products was expanded to include electronic smoking devices which to a lesser extent offsets some of the factors causing the decline.

Tobacco tax revenue recognized on the Commission's fund financial statements is \$20 million due to the delayed receipt of May and June 2019 disbursements. Revenue received more than 60 days after year-end are required to be recognized as revenue in the following year. The table below reports the entire annual tobacco revenue allocation for consistency although a portion of the reported amount will be recognized in a later period.

Tobacco Tax Revenue (in millions)								
Fiscal Year	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Prop 10 Revenue	\$28.99	\$27.02	\$26.40	\$25.94	\$25.88	\$24.79	\$21.87	\$23.57
% Change from	+0.62%	-6.77%	-2.33%	-1.71%	-0.25%	-4.20%	-11.79%	+7.77%
Prior Year								

Program Expenses

Program expenses ended the year below budget mostly due to the timing of expenditures. Minor unspent amounts have already been approved and incorporated in the Amended 2019/2020 Budget as carryover. Other unspent amounts have been rolled forward into fund balance to be used for future-year programs.

Administrative Expenses

Administrative expenses for Fiscal Year 2018/2019 were below budget due to a vacant staff position as well as cumulative underspending in professional services, office expenses, travel, and meetings. Expenses that can be appropriately tracked and allocated to a specific program continue to be identified. All expenses are identified as either program, administrative, or evaluation using the definitions provided in the First 5 California Financial Management Guide.

Revenue Projections

The financial plan estimates revenues for 10 years; and at this time, no changes are recommended to the revenue projections. Fiscal Year 2019/2020 budgeted revenue is \$22.34 million representing a decrease of 5.2%. This amount includes the expected annual decline of tobacco revenues plus the expected impact of passed legislation that took effect on July 1, 2016. All years following Fiscal Year 2019/2020 assume a 3.5% annual decline.

The following revenue projections are slightly lower than the most recent First 5 California amounts provided by the California Department of Finance this past May. At this time, maintaining the historical 3.5% decline as a conservative approach to forecasting revenues is recommended.

	Long-Term Financial Plan Projected Tobacco Tax Revenue (in millions)

STRATEGIC PLAN & FISCAL SUMMARY:

The fiscal reports and recommended actions presented in this staff report have been reviewed in relation to the Strategic Plan and are consistent with applicable goals and outcomes.

PRIOR COMMISSION ACTIONS:

- April 2019 Approved the Annual Operating Budget for Fiscal Year 2019/2020 and confirmed the 10 percent limitation on administrative expenditures for the operating budget
- December 2018 Received financial update
- February 2017 Approved Renewal Funding Actions for Healthy Children, Early Learning, and Strong Families goal areas

RECOMMENDED ACTION:

Receive Long-Term Financial Plan Update and approve directing \$400,000 revenue above budget to the reserves for System-Building investments.

Contact: Michael Garcell

Long-Term Financial Plan Update

Background and Purpose

- Commission has reviewed and updated its long-term revenue and program projections annually since 2000
- Long-Term Financial Plan provides:
 - A ten-year outlook of anticipated revenue
 - A forecast of funding capacity to sustain programmatic funding
 - A framework for evaluating annual budget decisions and renewal planning

Financial Planning Policies and Practices

- Fund balance is used to supplement decline in revenue.
- Fund Balance is required to be 25% of current-year operating budget.
- Administration is limited to 10% of operating budget.
- Projects funded by a one-time allocation are not assumed to be programmed back into the financial plan once the allocation is depleted.
- The plan does not authorize any specific funding actions or obligate the total pool of program funding to any specific programs or projects.

System-Building Fund Policy and Practices

- Realized revenues above budget will be added to unallocated future one-time investments.
- Funds included in the System-Building Reserve are not considered against the 25% minimum fund balance requirement.
- Current balance of the System-Building Fund is \$3.9 million from prior-year revenue receipts over budget.
- Today's action would add \$400,000 from FY 2018/2019 tobacco tax revenues over budget.

Actual Revenue

- Revenues have always been volatile
- FY 2018/2019 Actual Tobacco Tax Revenue of \$23,573,280 up 7.8% compared to prior year
- 2.33% average decline since FY 2011/2012

	FY 2011/12	FY 2012/13	FY 2013/14	FY 2014/15	FY 2015/16	FY 2016/17	FY 2017/18	FY 2018/19
Tobacco Tax Revenue	\$28,988,350	\$27,024,505	\$26,395,725	\$25,943,624	\$25,879,036	\$24,790,836	\$21,867,232	\$23,573,280
% change from Prior Year	+0.62%	-6.77%	-2.33%	-1.71%	-0.25%	-4.20%	-11.79%	+7.77%

Projected Revenue

- Commission Long-Term Financial Plan projections include an average 3.94% decline over the next four years.
- First 5 California projections include an average 4.46% decline over the same four-year period.

	FY 2019/20	FY 2020/21	FY 2021/22	FY 2022/23
Current Long-Term Financial Plan	\$22,336,249	\$21,554,480	\$20,800,073	\$20,072,071
Annual Increase/Decrease	-5.25%	-3.50%	-3.50%	-3.50%
Latest First 5 CA Projections	\$21,681,524	\$21,071,165	\$20,361,808	\$19,620,021
Annual Increase/Decrease	-8.03%	-2.82%	-3.37%	-3.64%

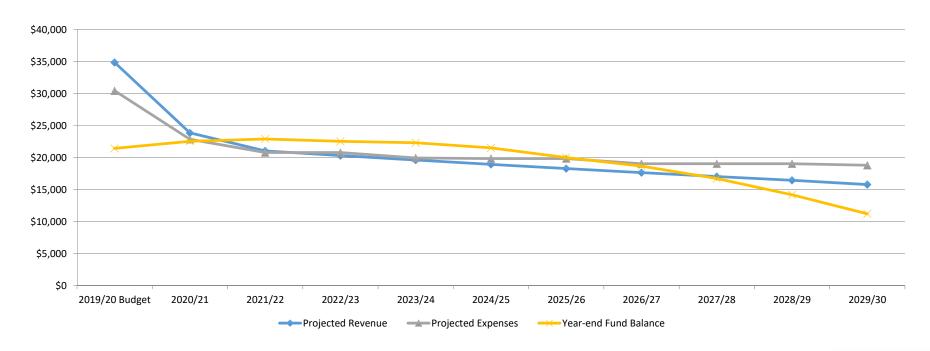

Projected Expenses

- Program expenses are planned at a base level of \$16.8 million for the next three-year cycle.
- Each following cycle assumes a 5% decrease in the first year.
- Planned reductions of 5% sustained for each three-year cycle maintains fund balance above policy levels through 2030.
- The plan will reduce ongoing demand on Commission Budget.

Long-Term Financial Plan

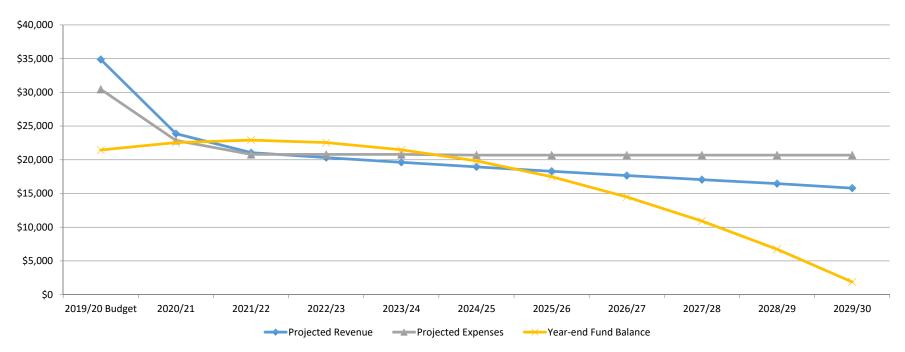

• Current-year budget and ten-year projections with measured program reductions aligned with declining revenue

Long-Term Financial Plan Comparison

• Current-year budget and ten-year projection keeping programs budgeted at \$16.8 million

Financial Planning Cycle

- Funding Panel Recommendations February 2020
- Fiscal Year 2019/20 Final Amended Budget April 2020
- Fiscal Year 2020/21 Proposed Budget April 2020
- Ongoing Tobacco Tax Revenue monitoring and reporting
- Financial Highlights reports
- Long-Term Financial Plan annual review December 2020

Agenda Item 7 October 2, 2019

DATE: November 18, 2019

TO: First 5 Orange County Children and Families Commission

FROM: Kimberly Goll, Executive Director

ACTION: Appoint New Technical Advisory Committee Members

SUMMARY:

The First 5 Orange County Children and Families Commission approved an action in August 2019 to expand and broaden the membership of the Technical Advisory Committee to include early childhood development experts. This agenda item recommends the appointment of three new members to the First 5 Orange County Technical Advisory Committee.

DISCUSSION:

The California Children and Families Act requires that each First 5 county commission establish one or more advisory committees to provide technical and professional expertise that will be beneficial in accomplishing the purposes of the Act. The Pediatric Health Services (PHS) Committee has been serving as the official Technical Advisory Committee (TAC).

In August 2019, the PHS Committee was renamed as the Technical Advisory Committee (TAC). Additionally, First 5 Orange County's policies and procedures were amended to broaden TAC membership to include experts in early learning and childhood development. This reflects a transition from the PHS Committee's focus on pediatric health to the TAC's broader charge of advancing systems change, focusing on shifting the conditions that hold persistent barriers to serving young children and families in place.

The newly updated policies and procedures state that an ideal TAC member will represent the Orange County Health Care and Social Services agencies, CalOptima, the Orange County Department of Education, as well as philanthropic and business organizations. Resumes for three candidates that meet the criteria and have been vetted as potential TAC members are included as attachments. The following three candidates are recommended for appointment.

- 1. Betsy Ha, Executive Director, Quality & Population Health Management, CalOptima
- 2. Christine Olmstead, EdD, Associate Superintendent, Educational Services, Orange County Department of Education
- 3. Christine Snapper, Director of Family Self Sufficiency and Adult Services, Orange County Social Services Agency

Upon approval, the new members will join the current TAC members to consider several items related to systems work and First 5 Orange County's strategic plan. Their experiences and knowledge from the organizations they represent are expected to enhance the discussion and recommendations that are presented to the Commission. Over the next six-months, the TAC will be

reviewing several potential areas for system improvement work such as developmental screening and early intervention, prenatal to three, early childhood education or economic supports. The purpose of these efforts is for First 5 Orange County to partner with other key stakeholders to connect systems and better serve children and families.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended action has been reviewed in relation to the Strategic Plan and is consistent with all goal areas. There is no funding action proposed for this item.

PRIOR COMMISSION ACTIONS:

• August 2019 – Approved updated Administrative Policies and Procedures relating to the TAC

RECOMMENDED ACTION:

Agenda Item 8 December 4, 2019

DATE: November 18, 2019

TO: Children and Families Commission of Orange County

FROM: Kimberly Goll, Executive Director

ACTION: Adopt resolution authorizing new agreement with the Regents of the University of

California to provide operational funding for the Center for Autism and

Timbely Dorl

Neurodevelopmental Disorders for 36 months

SUMMARY:

First 5 Orange County Children and Families Commission's funding for the Center for Autism and Neurodevelopmental Disorders (CAND) at the University of California, Irvine is due to end in June 2020. This item requests authority to enter into a new agreement for a period of 36 months to provide final bridge funding as CAND transitions away from continued First 5 funding.

DISCUSSION:

Since 2012, First 5 Orange County has invested approximately \$17 Million in both catalytic and operational support for CAND, operated by the University of California, Irvine (UCI). During that time, CAND has significantly increased the quality, breadth, accessibility, and convenience of services for children with autism in Orange County.

First 5 Orange County's earliest investments in autism services began in 2001 with a program known as For OC Kids. At its peak, For OC Kids had twelve employees and was largely a medically-oriented clinic focused on diagnosis and referral to treatment. In recognition of the need for colocated clinical and supportive services to meet the complex needs of Orange County children with autism and their families, CAND was launched in 2012. The center now has 62 employees and a multidisciplinary care team that includes developmental pediatricians, nurse practitioners, psychiatrists, social workers, clinical psychologists, educational psychologists, behavioral therapists, speech and language pathologists, occupational therapists, and physical therapists. In its first year, CAND served 1,766 children; in 2018, more than 3,080 children and families were served.

In addition to its clinical services, CAND provides supportive services for siblings and parents, and staff also dedicate time to provider, school district, and community education and training. For example, John Wayne Airport and airlines staff were recently trained to recognize the needs of young travelers with autism and their families. Through innovative community and business partnerships, such as with the Pacific Symphony and Segerstrom Center for the Arts, CAND also helps children with autism find their interests and potential career paths. In 2014, CAND was awarded recognition as an Autism Treatment Network by the organization Autism Speaks. This is a notable accomplishment as there are only 12 such sites across North America.

As the First 5 Orange County works to reduce our funded partners dependency on ongoing financial support staff recommends providing a final allocation to CAND in an amount not to exceed \$1.8 Million for a term of three years. Consistent with prior Commission practice, staff will

work with CAND leadership to develop a final three year budget that steps down Commission support without a disruption in services. With the Commission's planned decrease in funding, UCI has developed plans to incorporate CAND within its pediatrics program, including establishment of a new, permanent location at the Center for Child Health, resulting in improved, ongoing sustainability.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended action has been specifically reviewed in relation to the Commission's Strategic Plan and is consistent with the Health and Development goal area. Funding for this item will be included in the fiscal year budgets, 2020/21 to 2022/23.

PRIOR COMMISSION ACTIONS:

- August 2018 Authorized Second Amendment to Agreement FCI-PHS-09
- April 2018 Authorized First Amendment to Agreement FCI-PHS-09
- June 2017 Revised recommendation for funding and terms of Agreement FCI-PHS-09
- February 2017 Authorized Agreement FCI-PHS-09 with University of California, Irvine and CHOC Children for Early Developmental Program, including the Center for Autism and Neurodevelopmental Disorders
- February 2016 Authorized Agreement FCI-PHS-06 with University of California, Irvine and CHOC Children for Early Developmental Program, including the Center for Autism and Neurodevelopmental Disorders
- Authorized Agreement FCI-PHS-01 with University of California, Irvine and CHOC Children for Pediatric Health Services (Early Developmental Program), including the Center for Autism and Neurodevelopmental Disorders

RECOMMENDED ACTION:

1. Adopt resolution (Attachment 1) authorizing the Executive Director, or designee, and Commission Counsel to prepare and negotiate Agreement No. FCI-PHS-11 with Center for Autism and Neurodevelopmental Disorders for the diagnosis and treatment of children with autism for a maximum funding amount of \$1,800,000 and for the term July 1, 2020 to June 30, 2023.

TO: First 5 Orange County Children and Families Commission

FROM: Kimberly Goll, Executive Director

ACTION: Received funding from First 5 California and adopt resolutions authorizing

amendments to agreements with Orange County Department of Education for the

Timbely Doll

Quality Early Learning Program

SUMMARY:

First 5 Orange County Children and Families Commission receives funding from First 5 California to improve the quality of early learning programs throughout the state. In partnership with the Orange County Department of Education (OCDE), Orange County's funding supports leadership, training and technical assistance to increase the quality of early leaning programs for children and families. This item provides an update on the quality early learning program and requests approval to amend agreements with OCDE.

DISCUSSION:

First 5 IMPACT (Improve and Maximize Programs so All Children Thrive)

First 5 California allocated \$190 million for First 5 IMPACT, a statewide program to support a network of local quality improvement systems to better coordinate, assess, and improve the quality of early learning settings. In 2016, First 5 Orange County received four years of First 5 IMPACT funds that were subcontracted to OCDE. First 5 IMPACT funding supports the use of a Quality Rating and Improvement System (QRIS) as a guide to inform quality improvements for a broad range of early education programs. These programs were expanded to include informal care and education programs such as Learning Links, family friend and neighbor, family childcare homes and center-based programs.

The Orange County Department of Education (OCDE) led the effort in Orange County to improve the quality of early learning with funding from the federal Race to the Top – Early Learning Challenge grant that ran from 2011-2016. As part of the grant, OCDE was a member of a statewide consortium to develop the California Rating Matrix and Framework. Since 2016, OCDE continues to operate Quality Start OC, Orange County's quality rating and improvement system, through a combination of grants from the California Department of Education and First 5 IMPACT.

Quality Start OC has provided 3,600 hours of preschool instructional coaching to teachers and directors and rated over 500 early learning sites over the last three years. This year, over 20,000 children in Orange County ages birth to five attend a program supported by Quality Start OC, and 510 early learning programs have received coaching, training, incentives and materials to build quality. Eighty-nine percent of Quality Start OC preschool programs are rated as highest quality and 42% of family childcare providers are rated as a four- or five-star program, on a five-star rating system. The Quality Start OC program also provides training and technical assistance to 87 community partners who support parents, family, friend, and neighbor caregivers.

Authorization is recommended to amend First 5 Orange County's agreement with OCDE to add funding from First 5 California that will allow OCDE to increase services for early learning programs with training and incentives to build quality programs.

First 5 IMPACT Regional Coordination, Training and Technical Assistance Hub

First 5 California provided additional funding for regional coordination, training and technical assistance for the quality improvement of early education programs and systems. The California counties were divided into 10 Hub regions to provide coordination, specialized support to the Hub member counties and to create economies of scale while building a local early learning system. Orange County is a member of the Region 9 Hub, which includes Imperial, Riverside and San Bernardino counties. The Region 9 Hub was allocated \$2,855,562 with a four-year agreement from First 5 California. First 5 Orange County and OCDE were selected as the Hub's fiscal lead agencies which has the responsibility to maintain accurate fiscal data, report actual expenditures, and provide annual progress on activities and accomplishments to First 5 California.

The Region 9 Hub was recognized by the state for its effective communication and collaboration across the participating counties. Hub funding has built capacity in each county to deliver coaching and trainings support through several series of coaching, assessor, and trainer workshops. The Region 9 Hub hosted the Third Annual Southern California Summer Institute in Palm Springs where workshops for QRIS staff were offered on system development, training-of-trainers and marketing strategies. As a result of the success, the Institute was duplicated in northern California.

Additional funding from First 5 California was allocated to Hub regions for a data system reimbursement. Authorization is recommended to amend the First 5 Orange County agreement with OCDE to fund the regional data system.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended action has been specifically reviewed in relation to the Commission's Strategic Plan and is consistent with the Quality Early Learning goal. Passthrough funding, revenue and expenses, for the IMPACT and Hub programs are included in the Fiscal Year 2019/2020 Commission budget and will be amended to reflect the most recent First 5 California contractual amounts.

PRIOR COMMISSION ACTIONS:

- September 2016- Adopt resolution authorizing agreement with the Orange County Superintendent of Schools for First 5 IMPACT (Improve and Maximize Programs so All Children Thrive) Regional Coordination, Training and Technical Assistance Hub
- August 2016- Receive First 5 California funding and adopt resolution authorizing agreement with the Orange County Superintendent of Schools for First 5 IMPACT (Improve and Maximize Programs so All Children Thrive) Regional Coordination, Training and Technical Assistance Hub
- April 2016 Received First 5 IMPACT funding in the amount of \$5,109,491 from First 5
 California and adopted resolution authorizing agreement with the Orange County
 Superintendent of Schools to implement the First 5 IMPACT Action Plan

RECOMMENDED ACTIONS:

- 1. Receive additional funding of \$277,000 from First 5 California for a data system reimbursement and adopt resolution (Attachment 1) authorizing the Executive Director, or designee and Commission Counsel to prepare and negotiate an amendment to Agreement FCI-IMP-02 with the Orange County Superintendent of Schools to add \$277,000 for a total maximum obligation of \$3,083,026 for the Term September 7,2016 to June 30, 2020.
- 2. Adopt resolution (Attachment 2) authorizing the Executive Director, or designee and Commission Counsel to prepare and negotiate an amendment to Agreement FCI-IMP-01 with the Orange County Superintendent of Schools to add \$140,000 to serve additional early learning programs with training and incentives to build quality programs for a total maximum obligation of \$4,903,433 for the Term April 6, 2016 to June 30, 2020.

Agenda Item 10 December 4, 2019

DATE: November 12, 2019

TO: First 5 Orange County Children and Families Commission

FROM: Kimberly Goll, Executive Director

ACTION: Adopt resolution authorizing agreement with Child Guidance Center for

development of pediatric obesity prevention training program

SUMMARY:

To help address the continued rise in pediatric obesity, as well as a gap in local training options for healthcare, social services, and early learning professionals, Child Guidance Center will develop, implement, and evaluate a provider training program modeled after evidence-based practices. The goal of the program is to build providers' capacity for effective and consistent communication and promotion of universal behavioral strategies for healthy feeding and active play.

DISCUSSION:

Pediatric obesity continues to be prevalent among Orange County children, with one-third of all children either overweight or obese. Absent intervention, many obese infants and young children continue to be overweight obese throughout childhood and into adolescence and adulthood. Furthermore, overweight and obese children are more likely to develop a variety of serious health problems and chronic conditions, including cardiovascular disease and diabetes. Addressing the rates of overweight and obesity in Orange County, with a focus on the large disparities in rates among different ethnic and socioeconomic groups, is an essential part of making sure every child reaches their full potential.

Pediatricians are an important source of health information and guidance for parents and can be effective health communicators and influencers; however, many healthcare providers are unaware of best practices in communicating with parents about this sensitive subject, and have difficulty connecting the families of their patients with adequate prevention and treatment resources due to the scarcity of low or no-cost resources. At the same time, obesity prevention programs can be costly to operate and often struggle to remain sustainable.

In view of the need for provider training, First 5 Orange County partnered with the American Academy of Pediatrics – Orange County Chapter, CHOC Health Alliance, University of California, Irvine Pediatric Exercise and Genomics Research Center, and the Child Guidance Center to conduct two forums this year that educated more than 120 physicians and other health professionals about strategies and resources they can employ within their own practice settings to support patients and their families in preventing obesity. Although forum participants have rated the forums highly, they have also expressed a need for additional, more in-depth training, which is currently not available locally.

Child Guidance Center (CGC) is an Orange County-based mental health provider and experienced community and clinician educator of pediatric feeding health. First 5 Orange County currently

contracts with CGC to train mental health clinicians to provide Parent-Child Interactive Therapy (PCIT). With funding from the Harvard Institute of Coaching and other grant funding, CGC developed and tested the effectiveness of a program called Family Mealtime Coaching (FMC), which is based on the PCIT model and focuses on eating behaviors. FMC has demonstrated the ability to promote helpful parent feeding behaviors, healthy child eating behaviors, and increased parent and child energy expenditure through active play.

With the aim of increasing local resources for pediatric obesity prevention, staff recommends contracting with CGC to develop an 8-hour skill-building program for health, social services and early learning professionals who work with young children and their families, and who lack the required licensure and/or are unable to invest the time required for certification as a full FMC provider. Staff recommends allocating funding to CGC in an amount not to exceed \$75,000 and entering into an agreement for a 12-month term to develop and pilot test the curriculum with 50 participants, with an option to renew for two additional years based on progress and results of Year 1. The primary purpose of this agreement will be to build provider capacity and increase collective community skills in the application of universal behavioral strategies for healthy feeding and active play.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended actions have been reviewed in relation to the Strategic Plan and are consistent with the Comprehensive Health and Development goal area. Funding is recommended in the amount of \$75,000 to Child Guidance Center to develop, implement, and evaluate a pediatric obesity training program for professionals that work with young children and their families. Funding for this item will be included in the amended Fiscal Year 2019-2020 budget.

PRIOR COMMISSION ACTIONS:

• October 2019 – Received pediatric obesity presentation

RECOMMENDED ACTION:

1. Adopt resolution (Attachment 1) authorizing the Executive Director, or designee, and Commission Counsel to prepare and negotiate Agreement No. FCI-NF-05 with Child Guidance Center to develop and pilot test the Family Mealtime Coaching curriculum with 50 participants for a maximum funding amount of \$75,000 and for the term January 1, 2020 to December 31, 2020, with an option to renew for two additional years based on the progress and results of Year 1.

RESOLUTION NO. ___-19-C&FC

December 4, 2019

A RESOLUTION OF THE CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY DIRECTING THE EXECUTIVE DIRECTOR AND COMMISSION COUNSEL TO PREPARE AND NEGOTIATE AGREEMENT FCI-NF-05 WITH CHILD GUIDANCE CENTER; AND, AUTHORIZING APPROVAL AND EXECUTION OF SUCH AGREEMENT ON BEHALF OF THE COMMISSION

WHEREAS, in order to facilitate the creation and implementation of an integrated, comprehensive, and collaborative system of information and services to enhance optimal early childhood development, the legislature adopted legislation set forth in the California Children and Families Act of 1998, Health and Safety Code Section 130100, et seq. (as amended, the "Act") implementing the Children and Families First Initiative passed by the California electorate in November, 1998 and establishing the California Children and Families Commission and County Children and Families Commissions, including this Children and Families Commission of Orange County ("Commission"); and

WHEREAS, the Commission desires to prepare and negotiate Agreement No. FCI-NF-05 ("Agreement") with Orange Child Guidance Center, hereinafter referred to as the "Contractor," to develop and pilot test the Family Mealtime Coaching curriculum with 50 participants for the terms and in the amounts and on the conditions as described in the staff report for the December 4, 2019 Commission meeting; and

WHEREAS, Contractor desires to enter into the Agreement with Commission in furtherance of the purposes of the Act and the Strategic Plan on the terms and conditions set forth in the Agreement; and

WHEREAS, Commission has reviewed the staff report for the December 4, 2019 Commission meeting relating to the scope of services to be provided and hereby finds and determines that the proposed Agreement is in furtherance of and consistent with the Commission's Strategic Plan; and

WHEREAS, Commission desires to authorize the Commission Chair and Commission Clerk to execute the Agreement with Contractor for the term and in the amount and on the conditions as specified in the December 4, 2019 staff report for this Agenda Item.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS OF THE CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY AS FOLLOWS:

Section 1 Commission finds and determines the foregoing Recitals are true and correct and are a substantive part of this Resolution.

Section 2 Commission authorizes the Executive Director, or designee, and Commission Counsel to prepare and negotiate the Agreement with Contractor as described in the December 4, 2019 staff report for this Agenda Item.

- Section 3 The form of the Agreement with the Contractor shall be substantially similar to a standard Non-Profit Agreement, subject to minor, non-substantive revisions as reviewed and approved by the Executive Director, or designee, and Commission Counsel. The approval by the Executive Director, or designee, of the Agreement shall be conclusively evidenced by the execution of such Agreement by the Commission Chair and delivery thereof to the Commission Clerk.
- Section 4 Commission hereby approves the Agreement with the Contractor for the terms and conditions as specified in the December 4, 2019 staff report for this Agenda Item.
- Section 5 The Commission Chair and the Clerk of the Commission are hereby authorized to execute and attest, respectively, the Agreement on behalf of the Commission.
- Section 6 A copy of the Agreement when executed by the Commission Chair and attested by the Clerk of the Commission shall be appended hereto as a part of Exhibit A to this Resolution. Exhibit A is hereby fully incorporated as a part of this Resolution by this reference and made a part hereof. The final executed Agreement shall be placed on file in the office of the Clerk of the Commission.
- Section 7 In addition to the authorization of Section 2 above, the Executive Director, or designee, is hereby authorized, on behalf of the Commission, (i) to sign all documents necessary and appropriate to carry out and implement the Agreements(s), (ii) to cause the issuance of warrants, (iii) to administer the Commission's obligations, responsibilities, and duties to be performed under such agreement(s), and (iv) during the term thereof to provide waivers, administrative interpretations, and minor modifications of the provisions of such agreement(s) in the furtherance thereof.
 - **Section 8** The Clerk of the Commission shall certify to the adoption of this Resolution.

investigator support

SUMMARY:

The First 5 Orange County Children and Families Commission strives to use data to drive decision making and identify system improvements that benefit children in Orange County ages 0-5. This item authorizes an agreement with the Children's Data Network to perform data analysis for First 5 Orange County.

DISCUSSION:

The strategic use of data is a priority for the Commission and a theme that is threaded throughout the Strategic Plan. Through its major initiatives including Early Development Index, Bridges Maternal Child Health, School Readiness and Homeless Prevention, First 5 Orange County generates a rich body of data. This data can be analyzed and used to support the Commission's process for investing in programs that are most effective in their reach and impactful in improving outcomes for young children and families.

First 5 Orange County has partnered on several projects with the University of Southern California School of Social Work, Children's Data Network (CDN), whose mission is aligned with the priority for data-driven decision-making. CDN seeks to harness the scientific potential of linked, administrative data to inform children's programs and policies, generating knowledge and advancing evidence-rich policies that will improve the health, safety, and well-being of children.

The alignment between First 5 Orange County and CDN results in a unique opportunity for First 5 to benefit from the expertise of the CDN and vice versa. First 5 Orange County has robust population-level data and a desire to use that data to improve population outcomes. CDN has exclusive and unique access to de-identified state level children data and has expertise in linking and aggregating data to develop high quality evidence for program and policy effectiveness. CDN is also on the Commission's roster of qualified consultant applicants.

Authorization is recommended to enter into an agreement with the University of Southern California School of Social Work, Children's Data Network for a maximum obligation not to exceed amount of \$150,000. The one-year agreement would include support from CDN's lead principal investigators to ensure full analytic coverage. Additionally, CDN will edit, format and design research products, which will be co-branded by First 5 Orange County and CDN. This Agreement will support an intentional learning agenda, identify and respond to key areas of inquiry, perform evaluation projects in conjunction with partners, and package conclusions into actionable insights

for stakeholders. CDN's areas of research align with First 5 Orange County's priorities and include children and families, child maltreatment and public child welfare systems.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended action has been reviewed in relation to the Strategic Plan and is consistent with all goal areas. An allocation of \$150,000 for a consultant agreement with University of Southern California School of Social Work, Children's Data Network is included in the Fiscal Year 2019/2020 budget within the evaluation funding category.

PRIOR COMMISSION ACTIONS:

• June 2019 -- Adopted resolution authorizing agreements with designated individuals and organizations to provide consultant services.

RECOMMENDED ACTION:

Adopt resolution (Attachment 1) authorizing Agreement PS-211 with University of Southern California School of Social Work, Children's Data Network in an amount not to exceed \$150,000 annually for a term of January 1, 2020- December 31, 2020.

ACTION: Receive Conditions of Children in Orange County Report Presentation

SUMMARY:

The First 5 Children and Families Commission of Orange County is the lead agency for the production of the Annual Report on the Conditions of Children in Orange County. This item is a presentation on the recently published 2019 report.

Timbely Dorl

DISCUSSION:

Lisa Burke, Burke Consulting, is the project manager for development of the Conditions of Children report. She has served in this role since 2015, when the report was rebranded to its current streamlined format. Ms. Burke will present highlights from the 25-year anniversary edition.

The Annual Report on the Conditions of Children in Orange County provides an assessment of the status of children through the lenses of healthcare, the economy, education, and public safety. The report is funded by the County of Orange, with oversight by the Orange County Children's Partnership, a 22-member appointed advisory group co-chaired by Andrew Do, Orange County First District Supervisor and Debra Baetz, Commissioner and Director of the Orange County Social Services Agency (SSA). The Partnership also provides multiple forums to disseminate, discuss and coordinate the delivery of services to children and families in Orange County.

STRATEGIC PLAN & FISCAL SUMMARY:

The recommended action has been reviewed in relation to the Strategic Plan and is consistent with all goal areas.

PRIOR COMMISSION ACTIONS:

- March 2019 Adopted resolution authorizing agreements to produce the Annual Report on the Conditions of Children in Orange County.
- December 2017 Adopted resolutions authorizing agreements with designated organizations and SSA for the annual production of the Report on the Conditions of Children in Orange County and to receive a maximum of \$113,000, annually, for the term of March 1, 2018 through February 28, 2021.

RECOMMENDED ACTION:

Receive presentation.

A. Updated Strategic Plan Implementation Dashboard

The updated Strategic Plan Implementation Dashboard (Attachment 1) provides an at-a-glance look at progress through November 2019 across First 5 Orange County's Strategic Plan goals and objectives. Significant work has occurred in this second fiscal quarter, with a few key activities highlighted below:

Timbely Dorl

- Homeless Prevention a Request for Proposals (RFP) for homeless prevention services was released September 23 with three key funding areas: 1) emergency transitional services; 2) homeless diversion programs; and 3) housing navigation programs. The RFP encouraged a collaborative approach to submittals. Four proposals were received and are currently being reviewed. The funding panel will meet in mid-December to develop recommendations for incorporation into the February 2020 renewals.
- Events working towards building committed leadership on critical issues for young children, First 5 Orange County sponsored two events this quarter. The first was a Maternal Mental Health Symposium held on October 8 in partnership with 12 Orange County organizations. Over 100 attendees strategized on ways to address perinatal mood disorders and learned about available Orange County resources. The second event was an Obesity Forum held on October 19 that focused on practical strategies to prevent and address obesity in early childhood. Over 50 pediatricians, nurses, and registered dieticians participated.
- Engaged Neighborhoods the first phase of community profiles has been completed for the cities of Anaheim and Garden Grove. Phase 1 is a landscape analysis that uses neighborhood-specific Early Development Index findings and identifies community assets as well as the readiness of neighborhoods to develop and advance shared goals related to early childhood. This is part of First 5 Orange County's effort to engage neighborhoods to increase awareness of the importance of early childhood and improve outcomes for their young children.

B. Strategic Communications Report

Curt Pringle & Associates (CP&A) provides strategic communications services in the areas of legislative advocacy, community partnerships and public awareness. The Legislative and Strategic Communications Quarterly Report (Attachment 2) summarizes their current activities for only the months of October and November 2019. During these months, CP&A tracked statewide legislation and provide a status on the bills supported by the First 5 Association in their report. CP&A is also supporting outreach and coordinating meetings with elected officials in Anaheim and Garden Grove on the Early Development Index (EDI); building relationships with Orange County employers to raise awareness of early childhood issues; and facilitating community partnerships with homeless shelter providers that serve families with young children.

Doug Chaffee

C. Census 2020 Update

Orange County efforts are underway to prepare for the 2020 Census. It is estimated that at least 18,000 Orange County young children were not counted in the 2010 Census, resulting in the loss of approximately \$36 million in vital federal funding. First 5 Orange County is working to ensure that all children ages zero to five are counted and is partnering with the Census 2020 OC Counts and Charitable Ventures. A special Early Child Census Expo to reach families with young children was held on Tuesday, November 5 at the Delhi Center in Santa Ana. The Expo brought together service providers, nonprofit organizations and community partners to learn from the First 5 Association and experts in the field about statewide goals, proactive census community outreach and engagement strategies for families. Regional breakout sessions were held to align efforts and messaging across engaged stakeholders and to identify potential outreach gaps. Participants included family case workers; early learning specialists; nonprofit organizations; federal, state, and local elected offices and the County of Orange. First 5 Orange County is working closely with the First 5 Association, California Head Start Association, and California WIC Association to partner and provide a unique, grassroots, trusted messenger approaches to Census outreach targeting the 0-5 family population in California.

D. Organizational Update

At the October 2019 meeting the Commission considered an organizational structure updated to align with the 2019-2024 Strategic Plan. The approved organization chart included two positions that were not listed on the previous salary range structure included as a table in the Salary and Benefits Policy. Attachment 3 is provided for both informational purposes and as an update regarding the implementation actions. The table has been revised to add the Administrative Manager III title. No other changes have been made.

E. Consultant RFQ

The First 5 Orange County business model uses technical and project management consultants to help develop and implement strategies established by the Commission. There are approximately 30 individuals and organizations currently contracted for consulting services. Periodically, a Request for Qualifications (RFQ) is released to invite applicants interested in providing consultant services to ensure the most comprehensive pool of qualified consulting applicants. Placing qualifying applicants on these rosters does not obligate the utilization of their services, and no commitment is made to issue contracts or engage their services in any way. An RFQ is anticipated to be released in early January 2020 to update a new consultant roster. New applicants may submit and individuals and organizations currently on the roster must confirm their intent to remain on the roster. Applications are expected in February 2020. An updated roster of qualified applicants and request for authority to enter into consultant contracts will be brought to the April 2020 Commission meeting.

Subject: Legislative and Strategic Communications Quarterly Report

The following is a summary of activities that were provided by Curt Pringle & Associates (CP&A) to First 5 Orange County during a portion of the second quarter of FY2020, covering the period of October through November 2019.

State Legislative Update

Our firm regularly tracks bills identified by the statewide First 5 Association for impact to the Commission. Of the 15 bills the Association supported or co-sponsored this past session, 10 did not make it through the legislative process.

Four bills the Association supported were signed, including AB 1004, which requires the inclusion of free developmental screening services for individuals zero to 3 years of age for Medi-Cal beneficiaries, consistent with federal law.

Only one bill supported by the First 5 Association was vetoed by the Governor -- AB 197. AB 197 would have mandated that school districts implement full-day kindergarten programs by the 2022-23 school year. In his veto message, the Governor noted that while he supports full-day kindergarten (and included in the state budget \$300 million in grants for school districts to build full-day kindergarten facilities), the bill would have imposed new, additional costs not currently funded included in the budget.

We will continue to work with the First 5 Association when the legislature reconvenes in January, and stay apprised of the Governor's proposed FY2020-2021 budget as details are unveiled.

EDI Outreach

Building on 'Committed Leadership' and 'Engaged Neighborhoods,' two of the five Strategic Directions outlined in the Commission's Strategic Plan, CP&A has been assisting Commission staff in identifying individuals and groups to meet with and discuss the value of EDI in specific high-need areas. We have focused recent efforts on outreach with elected officials in Anaheim and Garden Grove, two cities that currently have ongoing 'community collaboratives', similar to the successful collaborative effort in Santa Ana.

To gain a better understanding of the work that is already being done in Anaheim, we participated in Network Anaheim's EDI Taskforce committee, made up of representatives of the Anaheim Elementary School District, nonprofits such as the Boys and Girls Club, and public agencies such as the Anaheim Public Library. The task force since last fall has been working to develop ways to engage local policy makers on early childhood policies that could be implemented at the city. To that end, committee members have participated in the ongoing "Anaheim First" workshops to raise awareness about the need to prioritize early childhood policies.

We also met with Al Jabbar, chief of staff to Commissioner Chaffee, about ways to work together on briefing Anaheim council members as the EDI Task Force prepares to begin their outreach efforts in early 2020. We will also be participating in the upcoming meeting of the Garden Grove collaborative to gain a better understanding of that group's current efforts and how we might best support awareness of their efforts among local policy makers.

We will continue to work with commission staff in connecting Anaheim and Garden Grove policy makers to the ongoing collaborative efforts in those communities, as this is a long-term, ongoing effort to build 'Committed Leadership' among policy makers and 'Engaged Neighborhoods' among parent leaders and community members in high-need areas.

Business Outreach

CP&A continues to assist the Commission staff in building relationships with Orange County employers raise awareness about early childhood issues such as childcare. At the end of September, CP&A facilitated a meeting with executives of the Disneyland Resort to develop a better understanding their recently announced \$10 million investment for cast member childcare needs. As a result of that meeting, Commission staff is developing a 'common resources' one-pager that identifies services applicable to the four-county area (Orange, LA, Riverside, and San Bernardino) where a predominance of their employees live.

Community Partnerships

CP&A is exploring ways the Commission could potentially partner with nonprofits such as Salvation Army and Jamboree Housing. Salvation Army is a faith-based nonprofit leading the

construction of a number of homeless shelter projects that serve families, while Jamboree Housing is an Irvine-based nonprofit developer and operator of affordable housing and permanent supportive housing units, which also house families with young children. CP&A has facilitated meetings with key individuals of these organizations with Commission staff, and will continue to assist as needed.
